When,1999 A major biography of the man who more than any other made the twentieth century Written by an author of  
great repute The history of the 20th century is Marx s legacy Not since Jesus Christ has an obscure pauper inspired such  
global devotion or been so calamitously misinterpreted The end of the century is a good moment to strip away the mythology  
and try to rediscover Marx the man There have been many thousands of books on Marxism but almost all are written by  
academics and zealots for whom it is a near blaspemy to treat him as a figure of flesh and blood In the past few years there  
have been excellent and successful biographies of many eminent Victorians and yet the most influential of them has remained  
untouched In this book Francis When for the first time presens Marx the man in all his brilliance and frailty as a poverty  
stricken Prussian emigre who became a middle class English gentleman as an angry agitator who spent much of his adult life  
in scholarly silence in the British Museum Reading Room as a gregarious and convivial host who fell out with almost all his  
friends as a devoted family man who impregnated his housemaid as a deeply earnest philosopher      **Paul Suttman,**
