Delphi 5 Bible:

Alexander the Great in Bible Prophecy Leonides V. Landicho, 2023-06-05 This book aims to offer a biblical perspective on Alexander's story As John Calvin wrote That He presides over all wars and gives victory to whomsoever he pleases that none may think that it happens by chance His conquest of the Achaemenid Persian Empire in just over a decade is impressive but what were the chances of winning all the battles in this massive campaign Military schools have analyzed Alexander's biography and military strategies trying to decipher his winning formula Is there really a winning formula in war Historians and writers attribute Alexander's successes to his boldness adaptability charisma and strategic vision Then AW Pink wrote To say that God is sovereign is to declare that He is The Governor among nations Psalm 22 28 setting up a kingdom overthrowing empires and determining the course of dynasties as pleaseth Him best This book is about ancient history pre

written before the beginning of time Plato and the Creation of the Hebrew Bible Russell E. Gmirkin, 2016-08-12 Plato and the Creation of the Hebrew Bible for the first time compares the ancient law collections of the Ancient Near East the Greeks and the Pentateuch to determine the legal antecedents for the biblical laws Following on from his 2006 work *Berosus and Genesis Manetho and Exodus* Gmirkin takes up his theory that the Pentateuch was written around 270 BCE using Greek sources found at the Great Library of Alexandria and applies this to an examination of the biblical law codes A striking number of legal parallels are found between the Pentateuch and Athenian laws and specifically with those found in Plato's *Laws* of ca 350 BCE Constitutional features in biblical law Athenian law and Plato's *Laws* also contain close correspondences Several genres of biblical law including the Decalogue are shown to have striking parallels with Greek legal collections and the synthesis of narrative and legal content is shown to be compatible with Greek literature All this evidence points to direct influence from Greek writings especially Plato's *Laws* on the biblical legal tradition Finally it is argued that the creation of the Hebrew Bible took place according to the program found in Plato's *Laws* for creating a legally authorized national ethical literature reinforcing the importance of this specific Greek text to the authors of the Torah and Hebrew Bible in the early Hellenistic Era This study offers a fascinating analysis of the background to the Pentateuch and will be of interest not only to biblical scholars but also to students of Plato ancient law and Hellenistic literary traditions *Bible Society Record*, 1905
