Accused Tonya Craft,Mark Dagostino,2016-10-04 This is the true story of a woman who prevailed against the most heinous accusations imaginable Tonya Craft a Georgia kindergarten teacher and loving mother of two never expected a knock on her door to change her life forever But in May 2008 false accusations of child molestation turned her world upside down The trial that followed dragged her reputation through the mud and lent nationwide notoriety to her name Tonya s life spiraled into a witch trial nightmare in which she was deemed guilty before her innocence could be determined by a jury Her children were taken away without even a goodbye and her own daughter was forced to take the stand against her in a courtroom The situation seemed hopeless and Tonya was shell shocked and heartbroken But that didn t keep her from finding the strength to fight Over the course of two terrifying years Tonya rallied to take charge of her own defense flying across the country and knocking on doors on a desperate quest for answers and defying her own lawyers on more than one occasion Tonya s goal was not only to avoid conviction it was to clear her name and most of all regain custody of her children **Accused** is about more than Tonya s shocking trial and fight for justice It is the story of a mother s extraordinary love the faith that sees her through it all and the forgiveness that sets her free *Extraordinary Jobs for Creative People* Alecia T. Devantier,Carol A. Turkington,2006 Ever wonder who wrangles the animals during a movie shoot What it takes to be a brewmaster How that play by play announcer got his job What it is like to be a secret shopper The new Parent School Jerry Biederman,2004 A collection of 78 original essays from the most respected parenting authors of our time These leading authorities have contributed what they consider to be their most valuable lesson philosophy tips advice for parents

Cottonboll ,1993 Talking, Drawing, Writing Martha Horn,Mary Giacobbe,2023-10-10 In the early grades talking and drawing can provide children with a natural pathway to writing yet these components are often overlooked In *Talking Drawing Writing Lessons for Our Youngest Writers* authors Martha Horn and Mary Ellen Giacobbe invite readers to join them in classrooms where they listen watch and talk with children then use what they learn to create lessons designed to meet children where they are and lead them into the world of writing The authors make a case for a broader definition of writing advocating for formal storytelling sessions in which children tell about what they know and for focused sketching sessions so

that budding writers learn how to observe more carefully The book s lessons are organized by topic and include oral storytelling drawing writing words assessment introducing booklets and moving writers forward Based on the authors work in urban kindergarten and first grade classes the essence and structure of many of the lessons lend themselves to adaptation through fifth grade The lessons follow a consistent format What s going on in the classroom What do children need to learn next Materials needed to teach the lesson Language used in each lesson Reasons behind why certain books are chosen and suggestions for additional children s books The authors show the thinking behind their teaching decisions and provide a way to look at and assess children s writing giving us much more than a book of lessons they present a vision of what beginning writing can look and sound like Perhaps most powerfully they give us examples of the language they use with children that reveal a genuine respect for and trust in children as learners
