

Under new Ofcom protections, broadband providers must:

- 1** Provide more **realistic speed estimates** at the point of sale, which reflect peak times.

- 2** Always provide a **minimum guaranteed speed** at the point of sale.

Did you know that if your speed falls below XMbit/s for a sustained period you may have a right to exit your contract?

- 3** Let customers walk away **penalty-free** if speeds fall below the minimum guaranteed level.

Providers will have one month to improve speed before offering right to exit.

For residential customers the right to exit will apply to phone and TV services bought at the same time as broadband.

- 4** Give you these rights, regardless of their broadband technology.
