100 Most Influential People Of All Times Fojiaore:

TIME The 100 Most Influential People of All Time The Editors of TIME,2012-07-10 In this mesmerizing book TIME chronicles the fascinating lives and revolutionary times of history s 100 Most Infl uential People Here are royals and revolutionaries spiritual leaders and scientists artists and explorers philosophers and philanthropists Here are heroes and villains Christ and the Buddha Galileo and Einstein Joan of Arc and Alexander the Great Aristotle and Jefferson Here are the individuals whose lives shaped the destinies of millions and changed history in its flight *The 100: A Ranking Of The Most Influential Persons In History* Michael H. Hart,2000-06-01 In 1978 when Michael Hart s controversial book The 100 was first published critics objected that Hart had the nerve not only to select who he thought were the most influential people in history but also to rank them according to their importance Needless to say the critics were wrong and to date more than 60 000 copies of the book have been sold Hart believed that in the intervening years the influence of some of his original selections had grown or lessened and that new names loomed large on the world stage Thus the publications of this revised and updated edition of The 100 As before Hart s yardstick is influence not the greatest people but the most influential the people who swayed the destinies of millions of human beings determined the rise and fall of civilizations changed the course of history With incisive biographies Hart describes their careers and contributions Explaining his ratings he presents a new perspective on history gathering together the vital facts about the world s greatest religious and political leaders inventors writers philosophers explorers artists and innovators from Asoka to Zoroaster Most of the biographies are accompanied by photographs or sketches Hart s selections may be surprising to some Neither Jesus nor Marx but Muhammad is designated as the most influential person in human history The writer s arguments may challenge and perhaps convince readers but whether or not they agree with him his manner of ranking is both informative and entertaining The 100 revised and updated is truly a monumental work It promises to be just as controversial just as thought provoking and just as successful as its predecessor a perfect addition to any history or philosophy reference section [The 100 Most Influential People of All Time](#) Tom Hazard,2025-01-04 This book lists the names of the 100 most influential people of all time The names on this list are those that I consider to be the most important in the human history Therefore in no way do I claim that this is an objective list that truly portrays the 100 most important people in history This is because obviously there are no specific criteria that define a list like this A criterion can use objective factors such as the number of citations in historical documents but the choice of criterion first and foremost is subjective in itself it depends on the tastes and choices of the person making the list Therefore dear reader feel free to disagree with the names listed here and to create your own list **History Makers** Ian Whitelaw,Julie Whitaker,2010 *100 of the Most Important People In World History* Alex Trost,Vadim Kravetsky,2014-06-13 Are you looking for a journey that will take you through this amazing obok along with funny comments and a word puzzle Then this book is for you Whether you are looking at this book for curiosity choices options or just for fun this book fits any
