Information Technology Evaluation Methods and Management Wim Van Grembergen, 2001-01-01 The evaluation of IT and its business value are the subject of many academic and business discussions Investments in IT are growing extensively and business managers worry about the fact that the benefits might not be as high as expected This phenomenon is often called the IT investment paradox or the IT Black Hole large sums are invested in IT that seem to be swallowed by a large black hole without rendering many returns How to measure the benefits of IT is the concern of this book titled Information Technology Evaluation Methods and Management The different IT evaluation approaches and methods are discussed and illustrated with cases traditional financial evaluations such as the return on investment information economics and the recently introduced IT Balanced Scorecard The latter approach is proposed as an ideal mechanism to support the IT business alignment process and its related IT governance process Among some of the topics included in this book are software measurement ERP project evaluation strategic electronic commerce evaluation *We the Possibility* Mitchell Weiss, 2021-01-19 Can we solve big public problems anymore Yes we can This provocative and inspiring book points the way The huge challenges we face are daunting indeed climate change crumbling infrastructure declining public education and social services At the same time we ve come to accept the sad notion that government can t do new things or solve tough problems it s too big too slow and mired in bureaucracy Not so says former public official now Harvard Business School professor Mitchell Weiss The truth is entrepreneurial spirit and savvy in government are growing transforming the public sector s response to big problems at all levels The key Weiss argues is a shift from a mindset of Probability Government overly focused on safe solutions and mimicking so called best practices to Possibility Government This means public leadership and management that s willing to boldly imagine new possibilities and to experiment Weiss shares the three basic tenets of this new way of governing Government that can imagine Seeing problems as opportunities and involving citizens in designing solutions Government that can try new things Testing and experimentation as a regular part of solving public problems Government that can scale Harnessing platform techniques for innovation and growth The lessons unfold in the timely episodes Weiss has seen and studied the US Special Operations Command prototyping of a hoverboard for chasing pirates a heroin hackathon in opioid ravaged Cincinnati a series of experiments in Singapore to rein in Covid 19 among many others At a crucial moment in the evolution of government s role in our society *We the Possibility* provides inspiration and a positive model along with crucial guardrails to help shape progress for generations to come *Books, Bytes and Business* Bill Martin, Xuemei Tian, 2016-04-08 How are businesses responding to global changes in markets driven by changes in technology Whatever the industry the trends are familiar globalization and the rise of industrial conglomerates mergers and acquisitions the networking of businesses and markets outsourcing and shifts in the distribution of resources and production all reflected in the emergence of new players new products and services and new forms of competition As arguably the first knowledge based business book publishing provides an ideal setting for the study of challenge and opportunity The industry

is currently experiencing fierce levels of competition extreme financial pressures restructuring and the threat of technology induced obsolescence Added to these are the challenges posed by new and potential entrants to the market the emergence of new products and services new ways of doing business including trading in virtual markets and the vulnerability of traditional business models The suitability of book publishing as a context for researching the emergence of knowledge based business becomes all too apparent Through combining primary research with secondary analysis drawn from the relevant literatures Books Bytes and Business is both a readable and informative account of business in the knowledge based economy

Corporate Social Responsibility Esben Rahbek Gjerdrum Pedersen,2015-01-22 Shortlisted in the Management and Leadership Textbook Category at CMI Management Book of the Year Awards 2016 Why has CSR become part of the mainstream business and academic agenda in the 21st century How can CSR be fully integrated in business strategy and day to day operations Do companies become more vulnerable to criticism from stakeholders if they make public their commitment to CSR These are just some of the questions and challenges explored in this exciting new textbook Readers will not only gain comprehensive knowledge and understanding of the history of CSR the key CSR drivers the main theoretical CSR perspectives and the dominant CSR practices found in the business community they will also more crucially learn how to implement CSR in practice Written and edited by leading academics in the field Corporate Social Responsibility is an engaging and accessible text designed for any student seeking an introduction to this complex and ambiguous subject The book is complemented by free online resources including annotated web links free full text journal articles and more

Digital Business and E-commerce Management Dave Chaffey,David Edmundson-Bird,Tanya Hemphill,2019 Written in an engaging and informative style Digital Business and E Commerce Management will give you the knowledge and skills to be able to handle the speed of change faced by organisations in the digital world In this seventh edition of the book Chaffey Hemphill and Edmundson Bird bring together the most recent academic and practitioner thinking covering all aspects of digital business including strategy digital comms and transformation *E-Commerce for Organizational Development and Competitive Advantage* Khosrow-Pour, Mehdi,2013-03-31 As e commerce continues to develop organizations have adopted its technological advancements in order to keep a strategic advantage in the business environment E Commerce for Organizational Development and Competitive Advantage provides insight on the challenges related to the management aspects of e commerce and its influence over organizational development With the growing applications of electronic commerce technologies this reference source is vital for educators researchers and managers interested in the advantages of this field **Business and Government Relations in Africa** Robert A. Dibie,2017-07-06 This book endeavors to take the conceptualization of the relationship between business government and development in African countries to a new level In the twenty first century the interests and operations of government and business inevitably intersect all over the African continent No government federal or state can afford to ignore the needs of business But what are these needs how does

business express its needs to government and what institutions organize government business relations in African countries How should government regulate business or should it choose to let the markets rule Government and Business Relations in Africa brings together many of sub Saharan African leading scholars to address these critical questions Business and Government Relations in Africa examines the key players in the game federal and state governments and business groups and the processes that govern the relationships between them It looks at the regulatory regimes that have an impact on business and provides a number of case studies of the relationships between government and economic development around the African continent highlighting different processes and practices It shows the latest state of knowledge on the topic and will be of interest both to students at an advanced level academics and reflective practitioners It addresses the topics with regard to business government relations and will be of interest to researchers academics policymakers and students in the fields of African politics comparative politics public policy business and politics sustainable development and sustainability economic development and managerial economics [Harvard Business School Bulletin](#) ,2003 [Business Education Forum](#) ,1996
