Poems Against War, 2005

Behind the Lines Philip Metres, 2007-05 Whether Thersites in Homer's Iliad Wilfred Owen in Dulce et Decorum Est or Allen Ginsberg in Wichita Vortex Sutra poets have long given solitary voice against the brutality of war The hasty cancellation of the 2003 White House symposium Poetry and the American Voice in the face of protests by Sam Hamill and other invited guests against the coming shock and awe campaign in Iraq reminded us that poetry and poets still have the power to challenge the powerful Behind the Lines investigates American war resistance poetry from the Second World War through the Iraq wars Rather than simply chronicling the genre Philip Metres argues that this poetry gets to the heart of who is authorized to speak about war and how it can be represented As such he explores a largely neglected area of scholarship the poet's relationship to dissenting political movements and the nation In his elegant study Metres examines the ways in which war resistance is registered not only in terms of its content but also at the level of the lyric He proposes that protest poetry constitutes a subgenre that by virtue of its preoccupation with politics history and trauma probes the limits of American lyric poetry Thus war resistance poetry and the role of what Shelley calls unacknowledged legislators is a crucial though largely unexamined body of writing that stands at the center of dissident political movements
