1066 The Year Of Conquest David Howarth:

1066 David Howarth,1981-08-27 The year 1066 is one of the most important dates in the history of the Western world the year William the Conqueror defeated the English at the Battle of Hastings and changed England and the English forever The events leading to and following this turning point in history are shrouded in mystery Distorted by the biased accounts written by a subjugated people many believe it was the English who ultimately won the battle since the Normans became assimilated into the English way of life Drawing on a wealth of contemporary sources David Howarth gives us memorable portraits of the kings Edward the Confessor Harold of England William of Normandy as well as the leading political figures of the time Howarth describes the English commoners how they worked fought died and how they perceived the overthrow of their world from their isolated shires

1066 David Howarth,2002 While the date 1066 is familiar to almost everybody as the year of the Norman conquest of England few can place the event in the context of the dramatic year in which it took place In this book David Howarth attempts to bring alive the struggle for the succession to the English crown from the death of Edward the Confessor in January 1066 to the Christmas coronation of Duke William of Normandy There is an almost uncanny symmetry as well as a relentlessly exciting surge of events leading to and from the Battle of Hastings

Usurpers, A New Look at Medieval Kings Michele Morrill,2021-10-13 This examination of six usurper kings of England and the people and circumstances surrounding them is a masterpiece of academic scholarship Midwest Book Review In the Middle Ages England had to contend with a string of usurpers who disrupted the British monarchy and ultimately changed the course of European history by deposing England's reigning kings and seizing power for themselves Some of the most infamous usurper kings to come out of medieval England include William the Conqueror Stephen of Blois Henry Bolingbroke Edward IV Richard III and Henry Tudor Did these kings really deserve the title of usurper or were they unfairly vilified by royal propaganda and biased chroniclers This book examines the lives of these six medieval kings the circumstances that brought each of them to power and whether or not they deserve the title of usurper Along the way readers will hear stories of some of the most fascinating people of medieval Europe including Empress Matilda the woman who nearly succeeded at becoming the first ruling Queen of England Eleanor of Aquitaine the queen of both France and England who stirred her own sons to rebel against their father Henry II Richard II whose cruel and vengeful reign caused his own family to overthrow him Henry VI Margaret of Anjou Richard of York and Edward IV who struggled for power during the Wars of the Roses the notorious Richard III and his monstrous reputation as a child killer and Henry VII who rose from relative obscurity to establish the most famous royal family of all time the Tudors
