

# 1 Extra Judicial Killing Summary And Arbitrary Executions

**Lingjun Ying**

## **1 Extra Judicial Killing Summary And Arbitrary Executions:**

**Targeted Killing in International Law** Nils Melzer, 2008-05-29 A comprehensive analysis into the lawfulness of state sponsored targeted killings under international human rights and humanitarian law this book examines treaties custom and general principles of law to determine the normative paradigms which govern the intentional use of lethal force against selected individuals in law enforcement and the conduct of hostilities It also addresses the relevance of the law of interstate force to targeted killings and the interrelation of the various normative frameworks which may simultaneously apply to operations involving the use of lethal force Through a comprehensive analysis of treaties custom and general principles of law in light of jurisprudence doctrine and travaux preparatoires the author demonstrates that contemporary international law provides two distinct normative paradigms which govern targeted killings in situations of law enforcement and the conduct of hostilities Based on the resulting normative paradigms the author shows in what circumstances targeted killings may be considered as internationally lawful The practical relevance of the various conditions and modalities are illustrated by reference to concrete examples of targeted killing from recent state practice The book argues that any targeted killing not directed against a legitimate military target remains subject to the law enforcement paradigm which imposes extensive restraints on the practice Even under the paradigm of hostilities no person can be lawfully liquidated without further considerations As a form of individualized or surgical warfare the method of targeted killing requires a microscopic interpretation of the law regulating the conduct of hostilities which leads to nuanced results reflecting the fundamental principles underlying international humanitarian law The author concludes by highlighting and comparing the main areas of concern arising with regard to state sponsored targeted killing under each normative paradigm and by placing the results of the analysis in the greater context of the rule of law The author has conceived and written this book in an entirely personal capacity and independently from his function as a Legal Adviser in the Legal Division of the ICRC The opinions expressed therein are his own and do not necessarily correspond to those held by the ICRC or its Legal Division

**Evidence of Extrajudicial, Summary Or Arbitrary Executions in Africa** United Nations. Special Rapporteur on Extrajudicial, Summary, or Arbitrary Executions, 1994

*Human Rights in Armed Conflict* Gerd Oberleitner, 2015-03-05 It is now widely accepted that international human rights law applies in situations of armed conflict alongside international humanitarian law but the contours and consequences of this development remain unclear This book revisits organizes and contextualizes the debate on human rights in armed conflict and explores the legal challenges operational consequences and policy implications of resorting to human rights in situations of inter and intra state violence It presents the benefits and the drawbacks of using international human rights law alongside humanitarian law and discusses how the idea law and policy of human rights influence the development of the law of armed conflict Based on legal theory policy analysis state practice and the work of human rights bodies it suggests a human rights oriented reading of the law of armed conflict as feasible and necessary in

response to the changing character of war Extrajudicial, Summary Or Arbitrary Executions ,2004 The visit which took place from 16 Sept 8 Oct 2003 aimed at allowing the Special Rapporteur to investigate in situ allegations she had received over the last few years relating to violations of the right to life including extrajudicial executions by the police and death in custody **Report of the Special Rapporteur on Extrajudicial, Summary Or Arbitrary Executions on a Gender-sensitive Approach to Arbitrary Killings** United Nations. General Assembly,2017 **Security Sector Reform in Constitutional Transitions** Zoltan Barany,Sumit Bisarya,Sujit Choudhry,Richard Stacey,2019 The proposed collection will examine the central role of security sector reform in constitutional transitions focusing on emerging democracies Neglected as a topic in the constitutional law literature the volume will be the first to offer a sustained analysis of the legal aspects of security reform **The Death Penalty** Roger Hood,Carolyn Hoyle,2015 The fifth edition of this highly praised study charts and explains the progress that continues to be made towards the goal of worldwide abolition of the death penalty The majority of nations have now abolished the death penalty and the number of executions has dropped in almost all countries where abolition has not yet taken place Emphasizing the impact of international human rights principles and evidence of abuse the authors examine how this has fueled challenges to the death penalty and they analyze and appraise the likely obstacles political and cultural to further abolition They discuss the cruel realities of the death penalty and the failure of international standards always to ensure fair trials and to avoid arbitrariness discrimination and conviction of the innocent all violations of the right to life They provide further evidence of the lack of a general deterrent effect shed new light on the influence and limits of public opinion and argue that substituting for the death penalty life imprisonment without parole raises many similar human rights concerns This edition provides a strong intellectual and evidential basis for regarding capital punishment as undeniably cruel inhuman and degrading Widely relied upon and fully updated to reflect the current state of affairs worldwide this is an invaluable resource for all those who study the death penalty and work towards its removal as an international goal Human Rights Yearbook Burma, 1998-99 ,1999 Summary Record of the ... Meeting United Nations. General Assembly. Third Committee--Social, Humanitarian and Cultural Questions,2002 *Identifying the Enemy* Emily Crawford,2015-07-23 Over the past twenty five years significant changes in the conduct of wars have increasingly placed civilians in traditional military roles employing civilians to execute drone strikes the targeted killing of suspected terrorists the use of private security contractors in combat zones and the spread of cyber attacks Under the laws of armed conflict civilians cannot be targeted unless they take direct part in hostilities Once civilians take action they become targets This book analyses the complex question of how to identify just who those civilians are Identifying the Enemy examines the history of civilian participation in armed conflict and how the law has responded to such action It asks the crucial question what is direct participation in hostilities The book slices through the attempts to untie this Gordian knot and shows that the changing nature of warfare has called into question the very foundation of the civilian military dichotomy that

is at the heart of the law of armed conflict     *Human Rights Year Book ...
