Bayes, 18th Century France, 1700s-1800s

Bayesianism: Computationally efficient use of the probabilistic models. They may seem to be using the same framework, same models, similar search methods as traditional. Essentially, this framework is useful to understand their operations. They may work better in practice for various reasons or other reasons. But, your final sentence should be your own. The probabilistic models have to provide the reasons for your operations. Bayesianism: Probabilistic models are good for your operations. All operations are based on the Bayes' rule. Bayesianism: Probabilistic models are good for your operations. This approach is also used in various other applications.
