**Course Description and Learning Goals:** Students will be equipped with the facility and skills necessary in expressing themselves in oral and written form. The course has been designed to help students understand the main ideas of both concrete and abstract topics, including discussions in their fields of study. It also aims to help students interact with a degree of fluency and spontaneity. On this basis, this learner-centered and integrated skills course aims to consolidate students' fundamental skills in reading, writing, speaking and listening. To this end, students are provided with guidance on how to produce clear, detailed text on a wide range of subjects and explain a viewpoint on a topical issue giving the advantages and disadvantages of various options.
