Accounting:

Basic Accounting Concepts & Procedures' 2006 Ed. , Accounting For Management and Decision Making ,

Accounting Irregularities in Financial Statements Benny K. B. Kwok,2005 Accounting irregularities are at the heart of those kinds of frauds that hit financial statements and include misstatement misclassification as well as misrepresentation This book provides an in depth practical reference for those professionals who need to understand prevent and combat against accounting irregularities in financial statements *CIMA Official Learning System Management Accounting Risk and Control Strategy* Paul M. Collier,Samuel Agyei-Ampomah,2008-09-11 The 2009 edition of CIMA s Official Learning Systems has been written in conjunction with the Examiner to fully reflect what could be tested in the exam Fully revised and now in 2 colour paperback format the 2009 Learning Systems provide complete study material for the May and November 2009 exams This edition includes practice questions throughout complete revision section topic summaries recommended reading articles from a range of journals Q A s CIMA Learning Systmes are the only study materials endorsed and recomended by CIMA The Official Learning Systems are the only study materials endorsed by CIMA Fully revised with new examples and case studies Written by the Examiner Complete integrated package incorporating syllabus guidance full text recommended articles revision guides and extensive question practice **Everything You Forgot in Accounting 1 - A Quick Guide** Howard Levine,2020-08 This book is designed for you the normal person who took an accounting class and has a vague recollection of what you learned You are presented with a question on a subsequent exam or are suddenly thrust into a job where you have to do some accounting and you get that panic attack We have all been there thus the purpose of this book In my accounting practice as well as a professor I consistently notice that people just don t remember basic accounting concepts In many cases they had a great teacher but it has been a while and they have forgotten a lot of what they learned Looking up the concept on the internet while initially a good idea and may answer the immediate question does not help you remember the concept for next time Going back to your college textbook may work but those books are not written in plain English and many times they confuse more than they help Of course asking a fellow student or coworker may do the trick but you need more than just a quick answer you need to review the basics The title of this book Everything You Forgot in Accounting 1 A Quick Guide tells it all In these pages you will find a description of many concepts you are familiar with but honestly don t recall The book is written in simple English with as little accounting jargon as possible in other words it will help you easily recall and retain the information There are no questions or exercises just information and examples to get you up to speed quickly Since this is a reference book don t feel like you have to start with page 1 and read the book cover to cover Glance at the table of contents or the index to discover what you are looking for and go straight there Of course you may want to review other areas but don t feel like you have to read the entire book in order to get the most out of it Finally and most importantly this book is not a substitute for a financial accounting class where you will learn these concepts and a

lot more In order to really learn accounting you must practice so don't think you can master the subject by just reading this or any other book If you want an easy to follow reference you have found the right source **Keister's Corporation**
