## Basic information

Client name: Sarah Thompson

Client DoB: 05/12/1988

Social worker: Michael Rodriguez, LCSW

Date: 09/15/2023

Venue: Home visit

Case ID (optional): TH-2023-089

Others present at visit: John Thompson (client's husband)

## Purpose of visit

Follow-up on implementation of parenting strategies and assessment of home environment following recent Child Protective Services involvement.

## Case notes

### Home environment:

House was clean and organized, adequate food supplies observed in kitchen, children's rooms were tidy with age-appropriate toys and books.

### Parenting strategies:

Sarah demonstrated use of "time-out" technique as discussed in previous session, reported consistent use of reward chart for positive behaviors, John actively participating in bedtime routine.

### Client progress:

Sarah reports attending 3/4 parenting classes since last visit, has been consistently taking prescribed anxiety medication, expressed feeling more confident in handling children's behavior.

### Concerns:

Sarah mentioned occasional arguments with John about discipline methods, youngest child (age 3) showing signs of speech delay.

## Next steps

Provide referral for speech evaluation for youngest child.

Schedule joint session with Sarah and John to address co-parenting concerns.

Continue weekly home visits for next month, then reassess frequency.

Follow up on Sarah's progress with parenting classes and anxiety management.

Designation: Licensed Clinical Social Worker

Signature: Michael Rodriguez, LCSW

## **Childwelfare Sample Case Notes:**

**Travels in the Trench Between Child Welfare Theory and Practice** George Thomas, 1994 *Travels in the Trench Between Child Welfare Theory and Practice* examines how the child welfare field's rush to establish credibility and permanence through program growth during the post World War II era gave rise to a massive but fragile conglomerate unprepared to prove its merits when challenged by an increasingly dubious public. Author George Thomas proposes a broad based shift from program growth to knowledge based growth in policy management education research and information technology initiatives to revitalize performance and restore public confidence in the system. Thomas's book proposes to shift the leadership emphasis away from the big business flavor of child welfare and re-define it into a mediator role of trusting worker and client competencies. *Travels in the Trench Between Child Welfare Theory and Practice* shows how the two sides merge and concentrate on five key issues: Policy Contrasts the impact of the two orientations on shaping the field's sense of mission, defining its role, establishing its priorities for growth relative to size, specialization and knowledge base and stimulating or reducing client adversarialism and public perceptions of chronic mission failure. Management Examines how the priorities of the two orientations differ relative to preserving hierarchical authority, rewarding work that exceeds mandates, promoting innovation and experimentation and relying on process as distinct from client outcome accountability. Education Examines how the priorities of the two orientations differ relative to relying on manpower and brain power on one right way of doing things versus doing what is legal and ethical. Research Examines how the priorities of the two orientations differ relative to confirming the rightness of the field's existing knowledge base and testing it to expand its scientifically validated portion through discovery. Information Technology Explores how the priorities of the two orientations differ relative to disclosing and preserving privileged communications, developing common and specialized language and breaking down or protecting authority and status differentials. This historical and cross sectional analysis forms a framework proposing that the field's future value in meeting the nation's child welfare needs must have a willingness to shift its commitments from problem to competency oriented theory and practice to accept a de-emphasis on growth and a reduction in specialization and to redirect investments in education research and information technology. According to Thomas this enables readers to revitalize practice wisdom, grow the scientifically validated portion of the field's knowledge base and begin to restore public confidence in the system. The book's contents are presented in interview style to enliven the material and make it more accessible to a wide audience. The reader determines the sense and direction of the analysis and the appropriateness of the questions from which it flows. *Travels in the Trenches* is intended to promote critical analysis of the link between long range vision and its impact on daily practice.
