

The background of the cover is a collage of various microspores. These include a large, intricate, lattice-like structure in the top left; several oval and circular spores with different surface patterns (some with small pits, some with larger hexagonal or circular cells) scattered throughout; a large, spiky, spherical spore in the middle right; and a smaller, spiky spherical spore at the bottom center. The spores are rendered in a golden-brown color against a dark background.
