when they do find themselves in private they tear into each other with a passion that they'd never before experienced. Jake still isn't convinced he is gay but he can't hold back his feelings for the incredibly gorgeous William Steel. After a terrorist attack from the Far East they are both being deployed immediately to fight. Training is over now they'd be entering a war zone. But how are they going to be together with a war going on? If anyone found out it would make their lives a living hell. It was scandalous for heterosexual couples to emerge within a unit so what would they say about a gay couple? They have everyone fooled for the moment but for how long? For Him 3 Their secret is out. After months of sneaking around communicating through encrypted messages and snatching any opportunity they got alone together their secret is finally out. When William's homophobic bunkmate Jared overhears William talking about Jake in his sleep it is only a matter of time before the whole unit finds out. But just as Jared is about to throw both William and Jake out of the closet an emergency meeting is called. The terrorist attacks on the city near their base are rapidly escalating and patrols through the city are increased. William and Jake are sent out on a night patrol and when William's Humvee is hit by a landmine Jake can't hold his emotions back any longer. Despite the hail of bullets all around him he rushes out to the demolished Humvee to search for William. How will the unit respond to Jake and William being gay? Will William even survive long enough to find out?
