Contemporary Asian America Second Edition A Multidisciplinary Reader:

Contemporary Asian America Min Zhou, James V. Gatewood, 2007-01-01 How does one capture the delightful irony of Edith Wharton's prose or the spare lyricism of Kate Chopin's Kathleen Wheeler challenges the reader to experiment with a more imaginative method of literary criticism in order to comprehend more fully writers of the Modernist and late Realist period In examining the creative works of seven women writers from the late nineteenth and early twentieth centuries Wheeler never lets the mystery and magic of literature be overcome by dry critical analysis *Modernist Women Writers and Narrative Art* begins by evaluating how Edith Wharton Kate Chopin and Willa Cather all engaged in an ironic critique of realism They explored the inadequacies of this form in expressing human experience and revealed its hidden often contradictory assumptions Building on the foundation that Wharton Chopin and Cather established Jean Rhys Katherine Mansfield Stevie Smith and Jane Bowles brought literature into the era we now consider modernism Drawing on insights from feminist theory deconstructionism and revisions of new historicism Kathleen Wheeler reveals a literary tradition rich in narrative strategy and stylistic sophistication

Contemporary Asian America (third Edition) Min Zhou, Anthony Christian Ocampo, 2016-04-19 The third edition of the foundational volume in Asian American studies Who are Asian Americans Moving beyond popular stereotypes of the model minority or forever foreigner most Americans know surprisingly little of the nation's fastest growing minority population Since the 1960s when different Asian immigrant groups came together under the Asian American umbrella they have tirelessly carved out their presence in the labor market education politics and pop culture Many times they have done so in the face of racism discrimination sexism homophobia and socioeconomic disadvantage Today contemporary Asian America has emerged as an incredibly diverse population with each segment of the community facing its unique challenges When *Contemporary Asian America* was first published in 2000 it exposed its readers to the formation and development of Asian American studies as an academic field of study from its inception as part of the ethnic consciousness movement of the 1960s to the systematic inquiry into more contemporary theoretical and practical issues facing Asian America at the century's end It was the first volume to integrate a broad range of interdisciplinary research and approaches from a social science perspective to assess the effects of immigration community development and socialization on Asian American communities This updated third edition discusses the impact of September 11 on Asian American identity and citizenship the continued influence of globalization on past and present waves of immigration and the intersection of race gender sexuality and class on the experiences of Asian immigrants and their children The volume also provides study questions and recommended supplementary readings and documentary films This critical text offers a broad overview of Asian American studies and the current state of Asian America

Myth of the Model Minority Rosalind S. Chou, Joe R. Feagin, 2015-11-17 The second edition of this popular book adds important new research on how racial stereotyping is gendered and sexualized New interviews show that Asian American men feel emasculated in America's male hierarchy

Women recount their experiences of being exoticized subtly and otherwise as sexual objects The new data reveal how race gender and sexuality intersect in the lives of Asian Americans The text retains all the features of the renowned first edition which offered the first in depth exploration of how Asian Americans experience and cope with everyday racism The book depicts the double consciousness of many Asian Americans experiencing racism but feeling the pressures to conform to popular images of their group as America s highly achieving model minority *Keywords for Asian American Studies* Cathy J. Schlund-Vials, Linda Trinh Võ, K. Scott Wong, 2015-05-08 Introduces key terms research frameworks debates and histories for Asian American Studies Born out of the Civil Rights and Third World Liberation movements of the 1960s and 1970s Asian American Studies has grown significantly over the past four decades both as a distinct field of inquiry and as a potent site of critique Characterized by transnational trans Pacific and trans hemispheric considerations of race ethnicity migration immigration gender sexuality and class this multidisciplinary field engages with a set of concepts profoundly shaped by past and present histories of racialization and social formation The keywords included in this collection are central to social sciences humanities and cultural studies and reflect the ways in which Asian American Studies has transformed scholarly discourses research agendas and pedagogical frameworks Spanning multiple histories numerous migrations and diverse populations *Keywords for Asian American Studies* reconsiders and recalibrates the ever shifting borders of Asian American studies as a distinctly interdisciplinary field Visit keywords.nyupress.org for online essays teaching resources and more

Asian Americans Pyong Gap Min, 2006 Compared to many existing texts on this subject which tend to take a rather historical approach this book focuses on more contemporary Asian experiences Thus Min has provided a new tool for those of use who have looked for adequate material to teach current Asian American trends in advanced undergraduate courses in the sociology of race as well as in ethnic studies Encompassing a variety of perspectives from prominent scholars makes this book a valuable device to examine the less visible aspects of Asian Americans lives Students and educators alike would certainly benefit from diligent study of this text TEACHING SOCIOLOGY reviewed October 2006 by Etsuko Maruoka SUNY Stony Brook Offering a broad overview of the Asian American experience *Asian Americans* provides an accessible resource for all students interested in the expanding and important Asian American population While historical information is provided for each group the main focus is on the variables and issues that impact Asian American life today The scholars who author the chapters look at topics such as labor force participation and economic status educational achievements intermarriage intergroup relations and settlement patterns Photo essays help to enhance the presentations Key Features Covers the Asian American population as a whole as well as individual ethnic groups i e Korean Americans Indian Americans etc Covers theories as well as providing sociological data to illustrate issues for Asian Americans as a whole and as individual groups Visual essays on the following topics provide powerful illustrations of the text content Filipino Americans Japanese Americans Korean Americans Chinese Americans South Asian Americans Southeast Asian Americans Economic Adaptation Second

Generation Experiences Updated to not only include information derived from 2000 Census data but also has a focus on the second generation experience

Disciplined by Race Ki Joo Choi, 2019-04-04 What does it mean to be Asian American Should Asian American identity be construed primarily in cultural terms or racial terms And why should contemporary theology care about such questions Disciplined by Race Theological Ethics and the Problem of Asian American Identity reveals the critical importance of Asian American experience for contemporary theological debates on race The book challenges readers to move beyond conventional perceptions of Asian Americans as model minorities and to confront the ways in which Asian Americans are socially restrained by whiteness Rather than being insulated from the logics of white racism in the modern United States being Asian American is tragically defined by those logics Coming to grips with how Asian Americans are disciplined by race reveals the prospects for Asian American self determination and raises the question of whether resistance to the social demands and allure of whiteness is realistically possible for Asian Americans and non Asian Americans alike

Journal of Asian American Studies, 2008 Official publication of the Association for Asian American Studies explores all aspects of the Asian American experience Publishes original works of scholarly interest to the field including new theoretical developments research results methodological innovations public policy concerns pedagogical issues and book media reviews

Amerasia Journal, 2009

Conquests and Consequences Carol L. Higham, William H. Katerberg, 2009-08-18 Conquests and Consequences introduces students to the history of the American West by examining key questions about the identity of the region Discusses how diverse societies and empires have shaped and reshaped the American West over the centuries Looks at the points at which the West has functioned as a colony and its transition to functioning as a region Examines how the concept of frontier functions in the West Illustrated with numerous maps images and photographs in partnership with the Buffalo Bill Historical Center

Twenty-First Century Gateways Audrey Singer, Susan W. Hardwick, Caroline B. Brettell, 2008-02-27 Focuses on the fastest growing immigrant populations among second tier metropolitan areas Examines the changes wrought by these new suburban settlement patterns and provides comparative analysis of immigration trends and local policy responses in these gateways Case examples explore the challenges of newcomer integration as well as immigration s impact on suburban infrastructure Provided by publisher

Encyclopedia of Race and Racism John H. Moore, 2008 Examines the anthropological sociological historical economic and scientific theories of race and racism in the modern era Delves into the historic origins of ideas of race and racism and explores their social and scientific consequences Includes biographies of significant theorists as well as political and social leaders and notorious racists

Modeling Citizenship Cathy Schlund-Vials, 2011-04-23 Navigating deftly among historical and literary readings Cathy Schlund Vials examines the analogous yet divergent experiences of Asian Americans and Jewish Americans in Modeling Citizenship She investigates how these model minority groups are shaped by the shifting terrain of naturalization law and immigration policy using the lens of naturalization not assimilation to underscore questions of nation

state affiliation and sense of belonging Modeling Citizenship examines fiction memoir and drama to reflect on how the logic of naturalization has operated at discrete moments in the twentieth century Each chapter focuses on two exemplary literary works For example Schlund Vials shows how Mary Antin s Jewish themed play *The Promised Land* is reworked into a more contemporary Chinese American context in Gish Jen s *Mona in the Promised Land* In her compelling analysis Schlund Vials amplifies the structural cultural and historical significance of these works and the themes they address *The North Carolina journal of international law and commercial regulation* ,2000 [21st Century Sociology: A Reference Handbook](#) Clifton D. Bryant,Dennis L. Peck,2006-11-17 21st Century Sociology A Reference Handbook provides a concise forum through which the vast array of knowledge accumulated particularly during the past three decades can be organized into a single definitive resource The two volumes of this Reference Handbook focus on the corpus of knowledge garnered in traditional areas of sociological inquiry as well as document the general orientation of the newer and currently emerging areas of sociological inquiry **Extending Help** Gina Gadi Opinaldo,2005 *Kaleidoscope* ,2004 *International Encyclopedia of Marriage and Family* James J. Ponzetti,2003 Online version of the 4 vol work published by Macmillan Reference USA

Intermarriage Across Race and Ethnicity Among Immigrants Charlie V. Morgan,2009 Morgan examines the relationship between assimilation and intermarriage In studying mixed relationships he finds that ethnicity in the form of language and religion is more important than race Males and females were more likely to find themselves in coethnic relationships as they imagined the role that extended family would play They talked about parental prejudices language religion and other cultural clashes as major factors There were many females however who did not follow this pattern because of perceptions of patriarchy They avoided coethnic relationships because they wanted a partner who would think of them as an equal *Case Studies of Five Foreign-born Vietnamese American Pre-service Teachers* Huong Tran Nguyen,2004 **Subject Guide to Books in Print** ,2001
