Strategic Business Models Frederick Betz, 2018-10-11 As strategic business models are important to understand the transformative operations of an enterprise system for present and future competitiveness Betz's exploration into both manufacturing and financial firms along with retailing firms and conglomerates broadens the business literature

Managing Global Offshoring Strategies Jacob Pyndt, Torben Pedersen, 2006 Addressing the challenges associated with managing global offshoring strategies this book aims to put a face on some Danish companies as they engage in offshoring projects It is aimed at bachelor master and MBA students taking courses on global strategy It is also useful in conjunction with a set of articles on global strategy issues *Handbook of East Asian Entrepreneurship* Tony Fu-Lai Yu, Ho-Don Yan, 2014-10-03 With the shift of the global economic gravity toward emerging economies and the roaring economic growth of the past three decades in China East Asian catching up growth strategies have profound implications for latecomer economies While there are many handbooks on entrepreneurship in general there is no reference on East Asian entrepreneurship This is the first of its kinds in the market The volume provides a useful reference for those who want to know East Asian entrepreneurship and business systems It also provides many excellent cases and illustrations on the growth of entrepreneurial firms and the rise of branded products in East Asia Policy makers or scholars who are interested in entrepreneurship small and medium sized enterprises Asian business systems international business innovation and technology management economic development strategic management and East Asian studies would benefit from this volume The volume contains two parts The first part is the key concepts associate with entrepreneurship and East Asian firm growth and transformation The second part presents cases of entrepreneurial firms and their founders in East Asia including Japan South Korea Taiwan Hong Kong and China With the handbook scholars students and policy makers can grab some basic ideas how entrepreneurs and firms in East Asia compete and survive in the world market and understand why and how East Asia economies can emerge as one of the most dynamic regions in the world Part I concepts relating to Entrepreneurship Guanxi Catching up strategies Types of entrepreneurship Business System Strategic Management Leadership Part II cases cover variedly from manufacturing to services industries and specifically including traditional and newly corporations ranging from toys convenient stores fast fashion high tech to catering and service Written by experts in their respective areas Handbook of East Asia entrepreneurship is an excellent review of theories policies and empirical evidences on important topics in Entrepreneurship in East Asian economic development The book is both a superb teaching tool and a valuable handbook in development economics *Register of Ships*, 1993 **New Frontiers of the Automobile Industry** Alex Covarrubias V., Sigfrido M. Ramírez Perez, 2019-11-28 Analysing developments in digital technologies and institutional changes this book provides an overview of the current frenetic state of transformation within the global automobile industry An ongoing transition brought about by the relocation of marketing design and production centres to

emerging economies and experimentation with new mobility systems such as electrical autonomous vehicles this process poses the question as to how original equipment manufacturers OEMs and newcomers can remain competitive and ensure sustainability With contributions from specialists in the automobile sector this collection examines the shifts in power and geographical location occurring in the industry and outlines the key role that public policy has in generating innovation in entrepreneurial states Offering useful insights into the challenges facing emerging economies in their attempts to grow within the automobile industry this book will provide valuable reading for those researching internationalization and emerging markets business strategy and more specifically the automotive industry

The Korean Automotive Industry, Volume 1 A. J. Jacobs, 2021-12-10 In 1962 South Korea assembled just 1 100 new automobiles By 1996 this total had soared to 2 812 714 What explains this remarkable growth The answer is complex and involves a combination of a supportive State timely technology alliances a skilled but historically low paid workforce aggressive pricing savvy entrepreneurs and fortuitous circumstances Despite this amazing ascent comparatively little has been written about the Korean auto industry in English In the first of a two volume set this 11 chapter book seeks to help fill this void by providing in depth examinations of all six of Korea s automakers from their beginnings through 1996 Uniquely written from the perspective of industry analysts at the time without knowledge of the Asian Fiscal Crisis the book should prove informative to practitioners scholars and students interested in automotive history international political economy Asian studies and more
