technical or medical progress that make our lives less painful and easier indeed but also not some horrors that characterize
our world In fact language is what defines humans and distinguishes them from other living beings and is the basis of all
other developments How is it possible that something as complex and fascinating as language has come into being at all How
does language work And how did it develop What is common to all languages and why are there so many Further questions
are how man began to write and how printing developed in which languages Why not in any language And does this teach us
anything for further developments In trying to answer these and other questions we experience an exciting history of
