run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *When Rabbit Howls* For Truddi Chase Troops, Truddi Chase, 1989-01-13 To escape the horror of violent abuse the two year old child went to sleep and created the inner world of the Troops the 92 voices that shielded her from pain but that she didn t know existed until adulthood this is a journey through the fragmented world of the multiple personality told by the Troop Amazon com Writing the Self in Illness Amala Poli, 2019-09-01 Writing the Self in Illness Reading the Experiential Through the Medical Memoir is MUP s refreshing venture into the developing fields of Medical and Health Humanities with an aim to consider the necessity of the narrative knowledge as complementary to the contemporary notions of well being illness and healthcare Is individual happiness contingent on health and well being How does one find happiness in the throes of illness In the present day scenario wherein medical practice is largely dominated by evidence based understanding diagnostic language and problem solving methods the discipline of Medical Humanities emerges with a reciprocal dialogue between Humanities Social Sciences Health and Medicine The study of varied experiential narratives literary works and unmediated accounts of patients and healthcare professionals is foregrounded in Medical Humanities to amplify knowledge and understanding about the complexity of encounters with illness and their transformational quality in a nuanced manner Both thought provoking and informative this publication brings about the anecdotal form of personal narratives in the light of medical discourses along with the specific cultural context of the narrative The present publication seeks to be an important reading for students and academics in the field of medical humanities health professionals or medical practitioners as well as scholars aspiring to venture into this flourishing field **Beware of the Other Side(s)** Heike Schwarz, 2014-03-15 This interdisciplinary study examines the still vivid phenomenon of the most controversial psychiatric diagnosis in the United States multiple personality disorder now called dissociative identity disorder This syndrome comprehends the occurrence of two or more distinct identities that take control of a person s behavior paired with an inexplicable memory loss Synthesizing the fields of psychiatry and the dynamics of the disorder with its influential representation in American fiction the study researches how psychiatry and fiction mutually shaped a mysterious syndrome and how this reciprocal process created a genre fiction of its own that persists until today in a very distinct self referential mode *Nocturnal Rainbows* Candace Atkinson, 2023-03-31 About the Book There is a point in everyone s life a moment that changes your trajectory A disruption to your linear path inertia What happened to me was just that but that s not what is paramount because somehow I found my way back I think How do you know who you are How do you know if you re being authentic What small infractions caused so much chaos that it brought you to you If authenticity is the main contract how do you sign it How do you surrender to it You don t You surrender to more than you

You sign a contract within your soul that is connected to more than just your brain In reality you can't sign this contract because it was signed long before you even knew your brain body or consciousness As Plato called them forms spiritualists call it a soul In this novel all of the concerns I have progressed through and are still living with are addressed As this work is a work in progress as am I it will be distributed in volumes About the Author Candace Atkinson has always had a passion for learning and a love for God but her views were always unorthodox Though baptized Christian and later raised Mormon she never submitted to all the views that religious validation required but still felt a deep connection to a higher power After going through the traumas depicted in this fictional novel she had a profound spiritual awakening at the age of 23 after six months of meditating and having never inquired into mysticism or Hinduism she found a new way of thinking living and being It is her hope that through the description of her trials maybe just one person can amble through their own a little more graciously than she may have
