have at least heard of Jane Austen and her novels are in the public domain Parrill 176 adapting them seems to be particularly attractive in regard to the low economic risk and reduced investment costs no acquisition of legal licences and little marketing costs Austen has become a cultural commodity almost a brand name Wiltshire 7 and there will probably always be new publications as long as there is such a keen and vast market The recent Austen Project published by Harper Collins sees six bestselling authors adapting Jane Austen's novels and transposing them into the twenty first century Economically it profits not only from Austen's fan base but also from the faithful readers of popular writers such as Val McDermid who adapted Jane Austen's Northanger Abbey This retelling is the latest publication of the Austen Project and seems particularly interesting since Northanger Abbey is chiefly concerned with the mocking of Gothic fiction and the vindication of reading It deals with bestsellers from the early nineteenth century and thus appears to be firmly rooted in its time Due to these intriguing particularities the paper at hand is based on Val McDermid's modern retelling of Northanger Abbey McDermid follows the plot structure very closely and the reinterpretation of the source text chiefly lies in the temporal linguistic and cultural update The plot is set in an environment shifted by two hundred years Bath has been swapped for the now more fashionable Edinburgh Festival Fringe and almost all characters are expertly tweeting texting and posting selfies on Facebook Whereas Austen set out to write an amusing burlesque and a vindication of novel reading McDermid's adaptation aims at pleasing the Austen familiar readers and at humouring them by applying a modern twist *Children's Writers' & Artists' Yearbook 2017* Bloomsbury Publishing, 2016-07-28 Foreword by Frances Hardinge The annual bestselling guide to all aspects of the media and how to write and illustrate for children and young adults Acknowledged by the media industries and authors as the essential guide to how to get published The 70 articles are updated and added to each year Together they provide invaluable guidance on subjects such as series fiction writing historical or funny books preparing an illustration portfolio managing your finances interpreting publishers contracts self publishing your work NEW articles for the 2017 edition included on Wanting to be a writer by Simon Mason Finding new readers and markets by Tom Palmer News and trends in children's publishing 2015 16 by Caroline Horn Series fiction writing as a part of a team by Lucy Courtenay Creating a children's comic by Tom Fickling All of the 2 000 listings of who to contact across the media have been reviewed and updated The essential guide for any writer for children
