

IKEA icon redesign idea is inspired by their logo. I find out IKEA's brand vision is to provide people with a better everyday life for everyone. Plus, the core goal of IKEA is doing it in a different way.

Unlike other furniture companies which usually use the sharp edges as their icons as a symbolization, I decide to make the icon design in a round shape.

The design principle is just comes from IKEA's brand core goal which is designing the category icons in a different way. Also, I will use thick & thin stroke to somehow represent the experiences when people ordering the furnitures.

Just like building the Lego, once you got the big block, you always need another small parts to make a compensate.

Ikea Brand Guidelines:

Design by IKEA Sara Kristoffersson,2014-10-23 Sara Kristoffersson s compelling study provides the first sustained critical history of IKEA Kristoffersson argues that the company s commercial success has been founded on a neat alignment of the brand with a particular image of Swedish national identity one that is bound up with ideas of social democracy and egalitarianism and its material expression in a pared down functional design aesthetic Employing slogans such as Design for everyone and Democratic design IKEA signals a rejection of the stuffy the chintzy and the traditional in both design practices and social structures Drawing on original research in the IKEA company archive and interviews with IKEA personnel Design by IKEA traces IKEA s symbolic connection to Sweden through its design output and its promotional materials to examine how the company both promoted and profited from the concept of Scandinavian Design
