Diversity in Africa Kurt April, Marylou Shockley, 2006-11-24 Africa's diversity is its greatest resource and challenge. Throughout, contributors relate organisational issues to the social, political, and cultural contexts and focus on the role of effective leadership.

Organizational Behaviour Reassessed Elisabeth M Wilson, 2001-03-22 Most books on Organizational Behaviour are still gender-free zones. This book, however, treats gender as it needs to be treated as a fundamental organizing principle of organization. Professor Paul Iles of Liverpool Business School, Liverpool John Moores University, challenges mainstream accounts of organizational behaviour and management which treat gender as an optional extra. This book demonstrates how it can be an essential organizing principle. Each chapter covers one or more of the principal mainstream topics before deconstructing and critiquing these and suggesting other ways of understanding these issues.

Managing Through Organization Colin Hales, 2001 This work offers a comprehensive and critical review and analysis of different approaches to work organization and their implications for the management process: the work of managers and managerial power and authority within a coherent theoretical framework. This text covers the classical approaches of bureaucracy and rationalization, scientific management, together with the more recent alternatives of decentralization through divisionalized professional and adhocratic organization, despecialization through work redesign and participation, and cultural control through Japanese and clan forms of organization. For each of these key principles and features, central issues are analyzed, addressed, and the strengths and weaknesses of the approach are evaluated. This new edition has been updated to take account of recent contributions and developments in the topic areas and to include case studies and numerous small cases.

Organising and Managing Work Tony J. Watson, 2001 The author of *Management Organisation and Employment Strategy* presents a text on organising and managing work. It covers human resource management, business objectives, and strategy.
