The Foundation of Rome Alexandre Grandazzi,2018-09-05 At once a historical essay and a self conscious meditation on the writing of history The Foundation of Rome takes as its starting point a series of accounts of Rome s origins offered over the course of centuries Alexandre Grandazzi places these accounts in their contemporary contexts and shows how the growing sophistication in methodology gradually changed the accepted views of the city s origins He looks for example at the hypercritical philology of the nineteenth century which cast aside everything that could not be verified He then explains how the increase in archaeological discoveries and changing archaeological techniques influenced the story of Rome s birth Grandazzi produces a depiction of Rome s origins that is both up to date and provocative His use of scientific parallels in describing changes in the ways texts were analyzed and his broad familiarity with comparative material make his synthesis particularly illuminating and he writes with clarity verve and wit **The Harmonicon** ,1823 **The Teachers' Aid** ,1889
