Stardust Scores:

Ilan Eshkeri's Stardust Ian Sapiro, 2013-07-16 Based on Neil Gaiman's novel of the same name Stardust 2007 was an instant hit with fans of fantasy and science fiction. The film follows the adventures of a young man who crosses through a gap in a wall which separates England from a magical kingdom. The fantastical atmosphere required by the narrative is maintained by the scale and grandeur of much of the musical score written by rising British composer Ilan Eshkeri. Trained in the craft by composers Michael Kamen, Ed Shearmur, and Hans Zimmer, Eshkeri more than lived up to the task of producing music for one of his first feature films. In *Ilan Eshkeri's Stardust: A Film Score Guide*, Ian Sapiro carefully examines both Eshkeri's music for the film and the working habits of the composer himself. An introduction to Eshkeri establishes the context within which he developed as a film score composer, followed by an analysis of his musical style and his scoring strategies, particularly for the film *Stardust*. Eshkeri's collaborative partnerships with music producer Steve McLaughlin, contractor/conductor Andy Brown, orchestrator Robert Elhai, and copyist Vic Fraser are also discussed, in addition to Eshkeri's relationship with *Stardust* director Matthew Vaughn. Eshkeri's involvement in the musical identity of the film during the production phase is also evaluated, as are developments in the score in the context of a new conceptual model of film score production in the UK. With complete cooperation from Eshkeri, who provided the author with privileged access to primary materials, Sapiro presents a unique look into the art of film scoring. The first detailed investigation of this composer and his music, *Ilan Eshkeri's Stardust: A Film Score Guide* is sure to be of interest to film and music scholars and fans.

Improvising the Score Gretchen L. Carlson, 2022-06-27 2023 Jazz Journalists Association JJA Jazz Awards for Books of the Year Honorable Mention Recipient. On December 4, 1957, Miles Davis revolutionized film soundtrack production by improvising the score for Louis Malle's *Ascenseur pour l'échafaud*. A cinematic harbinger of the French New Wave, *Ascenseur* challenged mainstream filmmaking conventions, emphasizing experimentation and creative collaboration. It was in this environment during the late 1950s to 1960s, a brief golden age for jazz in film, that many independent filmmakers valued improvisational techniques, featuring soundtracks from such seminal figures as John Lewis, Thelonious Monk, and Duke Ellington. But what of jazz in film today? *Improvising the Score: Rethinking Modern Film Music through Jazz* provides an original, vivid investigation of innovative collaborations between renowned contemporary jazz artists and prominent independent filmmakers. The book explores how these integrative jazz film productions challenge us to rethink the possibilities of cinematic music production. In-depth case studies include collaborations between Terence Blanchard and Spike Lee's *Malcolm X*; When the Levees Broke, Dick Hyman and Woody Allen's *Hannah and Her Sisters*; Antonio Sánchez and Alejandro González Iñárritu's *Birdman*; and Mark Isham and Alan Rudolph's *Afterglow*. The first book of its kind, this study examines jazz artists' work in film from a sociological perspective, offering rich behind-the-scenes analyses of their unique collaborative relationships with filmmakers. It investigates how jazz artists negotiate their own creative labor, examining the tensions

between improvisation and the conventionally highly regulated structures hierarchies and expectations of filmmaking Grounded in personal interviews and detailed film production analysis *Improvising the Score* illustrates the dynamic possibilities of integrative artistic collaborations between jazz film and other contemporary media exemplifying its ripeness for shaping and invigorating twenty first century arts media and culture *Billboard* ,1956-04-07 In its 114th year *Billboard* remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **The Black Fox Magazine** ,1923 [Black Fox Magazine](#) ,1924 **A History of the Earth from Stardust to Man** Hilda Finnemore,1924 **Billboard** ,1958-12-15 In its 114th year *Billboard* remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *EPO and a Changing World* C.
