## **Standard Letters In Architectural Practice:**

Standard Letters in Architectural Practice David Chappell, 2009-03-16 This book provides over 300 standard letters for architects and contract administrators to use at all stages of contract administration. The letters are grouped into sections which correspond with the RIBA Plan of Work; the aim is to cover all the common situations encountered in practice. This Fourth Edition has been revised to take account of the extensive changes to virtually the whole of the JCT suite of building contracts. Unless otherwise stated, all letters are suitable for use with JCT Standard Building Contract SBC, JCT Intermediate Building Contract IC, JCT Intermediate Building Contract with contractor's design ICD, JCT Minor Works Building Contract MW, JCT Minor Works Building Contract with contractor's design MWD, JCT Design and Build Contract DB, GC Works 1 1998 With Quantities Contract. The latest edition also takes account of the CDM Regulations 2007, the revised RIBA Code of Conduct and its associated guidance notes, and the RIBA standard agreements for the appointment of an architect issued in 2007. Architects and contract administrators spend a great deal of time writing letters of various types. Many of them are routine and repetitive in character, but they require proper consideration if potentially dangerous liability situations are to be avoided. The book will be of use not only to architects and contract administrators but also to project managers and employers' agents.

*Standard Letters for Building Contractors* David Chappell, 2008-04-07 Whenever a contractor undertakes work using one of the standard building contracts, however small the job, writing a good many letters will be involved. Some will be formal notices; it is necessary to give others. It is prudent to send letters. This book provides a set of over 300 standard letters for use with the standard forms of building contract and sub-contract, and aims to cover all the common situations which contractors will encounter when involved in a contract. It has been substantially revised to take account of the 2005 suite of JCT contracts together with changes in case law and the 2007 CDM Regulations. The letters are for use with the following contracts: JCT Standard Building Contract SBC, JCT Intermediate Building Contract IC, and with contractor's design ICD, JCT Minor Works Building Contract MW, and with contractor's design MWD, JCT Design and Build Contract DB, JCT Standard Building Sub Contract Conditions SBCSub C, and with sub-contractor's design SBCSub D C, JCT Intermediate Named Sub Contract Conditions ICSub NAM C, JCT Intermediate Sub Contract Conditions ICSub C, and with sub-contractor's design ICSub D C, and JCT Design and Build Sub Contract Conditions DBSub C. There are also letters for use with GC Works 1 and its sub-contract.
