Yesteryear's Faith Seeking Understanding Philip John Fisk, 2022-06-24 The voices of yesteryear's scholastics are silenced Scholastic distinctions discarded Faith seeking understanding cancelled This book turns to university professors who brought classical medieval Reformation and Renaissance thought to bear on the teaching of the doctrine of providence at the early New England Colleges Their ultimate purpose was to exonerate God from the charge that he was the author even actor of evil Their scholastic method drew from a long and surprisingly ecumenical and philosophical enterprise in the history of the church This book's aim is to let the scholastic approaches to the mystery of divine providence speak for themselves Part One introduces the reader to the art of disputation and provides a guided historical theological tour of scholastic distinctions that were used by doctors of the church to explain issues related to the doctrine of divine providence Part Two invites the reader to follow the author on his journeys to Harvard Yale the College of New Jersey and the College of Rhode Island and Providence Plantations commencement day disputations as he engages in Platonic like dialogues with presidents rectors and students of the New England Colleges While the dialogues are imagined the characters times locations and quoted texts are real
