

# Cultural nationalism

As a type of ethnocentrism, **cultural nationalism** is the commitment to a specific culture as a source of identity and a framework for explanation.

**Q: What is the main difference between ethnic group and a nation?**

A: Ethnic groups are usually content to preserve their cultural identity without demanding political independence. In reality, the distinction between an 'ethnic minority' and a fully fledged 'nation' is often times blurred

**Which countries would fall into this category?**

UK - founded on the union composed of four 'cultural' nations: the English, the Scots, the Welsh and the Northern Irish. US - 'land of immigrants'; common allegiance to the liberal-democratic principles expressed by the Declaration of Independence and the US Constitution. France - the 1789 Revolution and the principles of liberty, equality and fraternity serve as a foundation for French national identity.

**Cultural Autonomy, Minority Rights and Globalization** Steven C. Roach, 2017-11-28 This insightful and timely book analyzes the role of cultural autonomy in advancing minority rights protection on the national and global level. It assesses the historical and legal limits of the right to self-determination and autonomy and draws on Marxist internationalism, liberal nationalism, and EU integrationist studies to examine the relationship between cultural autonomy and globalization. As such, emphasis is placed on the sociological and historical value of cultural autonomy with the aim of working beyond formalistic and utilitarian approaches to cultural autonomy. The volume will appeal primarily to upper-level undergraduate and graduate-level students of political science and international law interested in rethinking the role of cultural autonomy in an age of globalization.

**Basque Politics and Nationalism on the Eve of the Millennium** William A. Douglass, 1999 In the summer of 1998 the University of Nevada Reno hosted an international symposium entitled *Basques in the Contemporary World: Migration, Identity and Globalization* attended by nearly eighty scholars. Selected papers from the symposium are now available in three volumes published in the Occasional Papers Series of the Basque Studies Program at the University of Nevada Reno. These eleven essays focus on Basque nationalism and institutions in the European Union in an increasingly globalized world, the image of Basques in the international media, depictions of ETA in the Spanish press and cinema, the status of Navarre and the French Basque country within or without Basque nationalism, and the articulation of a Basque foreign policy through the Basque Government's diaspora policy.

**Education and Cultural Differences** Douglas Ray, Deo Poonwassie, 2017-04-28 First published in 1992, this book looks at the interaction between ideals and reality with the focus upon social inequality and education in modern society as well as the possibilities for education to lessen the related problems. The essays in this volume examine three forms of inequality in global society: aboriginal societies in modern industrial states, long-established communities that have been denied full status, and differences arising from recent population migrations. In doing so, it considers how education might support the efforts of all members of society to pursue the goal of equal status for all.

**The Basques, the Catalans, and Spain** Daniele Conversi, 1997 This work provides an introduction to Basque and Catalan nationalism. The two movements have much in common but have differed in the strategies adopted to further their cause. Basque nationalism in the shape of the military wing of ETA took the path of violence, spawning an efficient terrorist campaign, while Catalan nationalism is more accommodating and peaceful. Conversi examines and compares the history, motives, and methods of these two movements, considering the influence of such aspects of nationalist mobilization as the choice of language, race, and descent, the consequences of large-scale immigration, and the causes and effects of social violence.
