Paul Zall

Benjamin Franklin And His Enemies:

Benjamin Franklin and His Enemies Robert Middlekauff, 1998-06-08 In this engaging study of the much loved statesman and polymath Robert Middlekauff uncovers a little known aspect of Benjamin Franklin's personality his passionate anger He reveals a fully human Franklin who led a remarkable life but nonetheless had his share of hostile relationships political adversaries like the Penns John Adams and Arthur Lee and great disappointments the most significant being his son William who sided with the British Utilizing an abundance of archival sources Middlekauff weaves episodes in Franklin's emotional life into key moments in colonial and Revolutionary history The result is a highly readable narrative that illuminates how historical passions can torment even the most rational and benevolent of men Benjamin Franklin and His Enemies , Features The Friends of Benjamin Franklin the first chapter of a book by Robert Middlekauff titled Benjamin Franklin and his Enemies based on the 1995 edition of the University of California Press The chapter focuses on friendships of the American statesman and philosopher Benjamin Franklin 1706 1790 presented online by the Washington Post Co **Benjamin Franklin's Vision of American Community** Lester C. Olson, 2004 Olson contends that attention to the visual images created in each of these roles dramatizes fundamental changes in Franklin's sensibility concerning British America In 1754 Franklin was an American Whig supporter of the British Empire's constitutional monarchy During the late 1750s and early 1760s he veered toward increasing the power of the Crown over Pennsylvania by changing the colony's form of government before ultimately rejecting constitutional monarchy and advocating republican politics during the 1770s and 1780s The shifts in Franklin's fundamental political commitments are among the most arresting aspects of his life Benjamin Franklin's Vision of American Community highlights these changes as it examines his pictorial representations of British America through several decades BOOK JACKET **Sex and the Founding Fathers** Thomas A. Foster, 2014-01-17 Biographers journalists and satirists have long used the subject of sex to define the masculine character and political authority of America's Founding Fathers Tracing these commentaries on the Revolutionary Era's major political figures in Sex and the Founding Fathers Thomas Foster shows how continual attempts to reveal the true character of these men instead exposes much more about Americans and American culture than about the Founders themselves Sex and the Founding Fathers examines the remarkable and varied assessments of the intimate lives of George Washington Thomas Jefferson John Adams Benjamin Franklin Alexander Hamilton and Gouverneur Morris from their own time to ours Interpretations can change radically consider how Jefferson has been variously idealized as a chaste widower condemned as a child molester and recently celebrated as a multicultural hero Foster considers the public and private images of these generally romanticized leaders to show how each generation uses them to reshape and reinforce American civic and national identity *Benjamin Franklin and Germany ...* Beatrice Marguerite Victory, 1915 *A study guide for American Literature to 1900* M^a Teresa Gibert Maceda, 2009-01-27 Esta gu a esta pensada para utilizarse conjuntamente con el libro American literature to 1900 de la

misma autora y editado por la misma editorial Ofrece los siguientes recursos adicionales como un extenso material complementario que ayuda y guía al alumno a lo largo de las 24 unidades una colección de veinte ejemplos de exámenes y un glosario con una lista de los términos más importantes de la literatura en general y de la literatura americana en particular

The Enlightenment Paul Hyland, Olga Gomez, Francesca Greensides, 2003 The Enlightenment brings together the work of major Enlightenment thinkers such as Hobbes Rousseau Diderot and Kant to illustrate the full importance and achievements of this period in history Extracts are gathered thematically into sections on such aspects of the Enlightenment as political theory religion and belief art and nature All essays are introduced and a final section on critical reflections provides a selection of modern critical opinions on the period by writers including Foucault Habermas and Lyotard Containing illustrations from the work of artists such as Hogarth and Gainsborough a chronology of the Enlightenment and a detailed bibliography The Enlightenment is a rich source of information and inspiration for all those studying this great period of change

[Ben Franklin's 12 Rules of Management](#) Blaine McCormick, 1999-12-01 Start a Revolution in Your Management Thinking Although Ben Franklin is best known for being a patriot diplomat and inventor he first rose from obscurity to become one of the most influential and successful business owners in Colonial America In fact Franklin was so successful that he was able to retire at age 42 to pursue his other more well known interests Franklin chronicled his early life through The Autobiography of Benjamin Franklin Drawing upon that book's wealth of wisdom Ben Franklin's 12 Rules of Management explores the innovative management principles and philosophies this Founding Father of American Business pioneered including Great managers rarely have great beginnings Seek first to manage yourself then to manage others Influence is more important than victory Become a revolutionary for positive experimentation and change Sometimes it's better to do 1 001 small things right than one large thing right Incentive is everything Whether you're an entrepreneur a mid level manager or a Fortune 500 executive Ben Franklin's 12 Rules of Management will inspire you to integrate Franklin's wisdom into your everyday life and show you how to use his revolutionary management philosophies to improve your performance and more effectively manage your business

[Adopting America](#) Carol J. Singley, 2012-01-01 American literature abounds with orphans who experience adoption or placements that resemble adoption These stories do more than recount adventures of children living away from home They tell an American story of family and national identity In narratives from the seventeenth to the early twentieth century adoption functions as narrative event and trope that describes the American migratory experience the impact of Calvinist faith and the growth of democratic individualism The roots of literary adoption appear in the discourse of Puritan settlers who ambivalently took leave of their birth parent country and portrayed themselves as abandoned children Believing they were chosen children of God they also prayed for spiritual adoption and emulated God's grace by extending adoption to others Nineteenth century adoption literature develops from this notion of adoption as salvation and from simultaneous attachments to the Old World and the New In domestic fiction of

the mid nineteenth century adoption also reflects a focus on nurture in childrearing increased mobility in the nation and middle class concerns over immigration and urbanization assuaged when the orphan finds a proper loving home Adoption signals fresh starts and the opportunity for success without genealogical constraints especially for white males but inflected by gender and racial biases it often entails dependency for girls and children of color A complex signifier of difference adoption gives voice to sometimes contradictory calls to origins and fresh beginning to feelings of worthiness and unworthiness In writings from Cotton Mather to Edith Wharton it both replicates and offers an alternative to the genealogical norm evoking ambivalence as it shapes national mythologies
