Think! Michel Legault, 2006-10-24 In *Think* award winning author LeGault refutes the 2005 bestseller *Blink* The Power of Thinking Without Thought and describes an intellectual crisis in our country the factors that created it and why thinking is relevant to everyday lives jobs and quality of life

Beyond Feelings Vincent Ryan Ruggiero, 1995 This succinct interdisciplinary introduction to critical thinking successfully dares students to question their own assumptions and to enlarge their thinking through the analysis of the most common problems associated with everyday reasoning The text offers a unique and effective organization Part I explains the fundamental concepts Part II describes the most common barriers to critical thinking Part III offers strategies for overcoming those barriers

Reasoning beyond Reason Jeff Sellars, 2011-01-01 There is a seeming dichotomy in C S Lewis s writing On the one hand we see the writer of argumentative works and on the other hand we have the imaginative poet Lewis also found this dichotomy within himself When he was a rationalist and atheist he found that these two sides of him were pulling in different directions he believed that his rationalist side could not be reconciled with his imaginative side Once he became a Christian he eventually found a means of marrying the two principally through story and myth Within C S Lewis studies there is also a common conception of Lewis as a modern rationalist philosopher i e a rationalist who thinks arguments and his arguments in particular are the last answer on the questions he undertakes *Reasoning beyond Reason* attempts to take this view to task by placing Lewis back into his pre modern context and showing that his sources and influences are classical ones In this process Lewis is viewed through the idea that imagination and reason are connected in an intimate way they are different expressions of a single divine source of truth and there is an imagination already present upon which reason works Lewis s transpositional view of imagination implicitly pushes towards a somewhat radical position the imagination is to be seen as theological in its reliance upon something more than the merely material it necessarily relies on a transcendent funding for its use and meaning In other words the imagination is a well source for what we might normally label rational

SCM Core Text: Christian Doctrine Mike Higton, 2013-01-25 The SCM Core Text *Christian Doctrine* offers an up to date accessible introduction to one of the core

subjects of theology Written for second and third year university students it shows that Christian Doctrine is not a series of impossible claims to be clung to with blind faith Mike Higton argues that it is rather a set of claims that emerge in the midst of Christian life as Christian communities try to make enough sense of their lives and of their world to allow them to carry on Christian communities have made sense of their own life and the life of the wider world in which they are set as life created by God to share in God s own life They have seen themselves and their world as laid hold of God s life in Jesus of Nazareth and as having the Spirit of God s own life actively at work within them This book explores these and other central Christian doctrines and in each case shows how the doctrine makes sense and how it is woven into Christian life It will help readers to see what sense it might make to say the things that Christian doctrine says and how that doctrine might affect the way that one looks at everything the natural world gossip culture speaking in tongues politics dieting human freedom love High Noon justice computers racism the novels of Jane Austin parenthood death and fashion Ethical Issues in Business - Second Edition Peg Tittle,2016-12-15 Peg Tittle s ambitious business ethics text brings together readings cases and the author s own informed opinions The second edition includes over a dozen new readings and case studies as well as a new chapter on issues in Information and Communication Technology Includes Canonical and topical readings on issues ranging from whistleblowing and advertising to international business the nature of capitalism and the environment Engaging overviews from the author encourage careful reflection and critical examination of conventional assumptions What to Do scenarios and Case Studies illustrate the practical relevance of each topic Comprehensive introductions to ethical theory and the ethics of business Questions following each selection test understanding and promote active reading A primer on ethical institutions examines the role of ethics consultants codes of ethics and more **Ethical Issues in Business** Peg Tittle,2000-04-13 The core of this text comprises chapters on all the key issues of business in Canada today Each chapter includes a hypothetical case study and an introduction highlighting key ethical points two academic essays and a real life case study Questions for discussion accompany the essays and case studies The author has also included a general introduction to ethical issues and an overview of ethical theory a section on institutionalizing ethics discussing ethics officers programs codes etc and appendices providing excerpts from important classic contributions to ethical theory and from relevant Canadian law

Critical Thinking and Logic Skills for College Students Elizabeth L. Chesla,1999 For Study Skills College Survival Skills and developmental courses These fully revised new editions of LearningExpress s best selling Skill Builders series offer a unique review of basic academic skills in a fast easy to learn format Each LearningExpress book focuses on practical applications and provides a built in incentive oriented study plan in the 20 Minutes a Day concept Students will find these self study programs a valuable tool for improving the critical thinking and reasoning skills that lead to success at work and in the classroom **Becoming a Critical Thinker** Vincent Ryan Ruggiero,2006 Becoming a Critical Thinker breaks up critical thinking into a series of cumulative activities taking a student as consumer of information perspective that encourages

students to apply the skills outlined to their own lives This unique approach has made this text a staple of many critical thinking courses The Fifth Edition strengthens the connection between critical thinking and career preparation with new material throughout the text that focuses on communication and the evaluation of evidence in the workplace A new section in Chapter 6 called Thinking Critically about Careers addresses practical ways to apply critical thinking to career decisions With the goals of improving students sense of self empowerment and their ability to communicate effectively in any situation this text helps create a flow from the fundamentals of thinking to the exploration of arguments and evidence A concise structure makes the text a useful supplement to any student success course

Learning to Study Through Critical Thinking Jonelle A. Beatrice,1995

Becoming a Critical Thinker Sherry Diestler,2005 This book trains students to distinguish high quality well supported arguments from arguments with little or no evidence to support them It develops the skills required to effectively evaluate the many claims facing them as citizens learners consumers and human beings and also to be effective advocates for their beliefs Chapter topics include the foundations of arguments reality and value assumptions and ethics inductive arguments and generalizations reasoning errors the power of language media literacy fairmindedness and persuasive speaking For critical thinkers who want to be discerning about the messages they read or hear make decisions based on careful consideration of both facts and values be alert to distortion in reporting and advertising and defend their own viewpoints

Becoming a Critical Thinker Vincent Ryan Ruggiero,1996 A core text or supplement for any course that emphasizes critical thinking in the general area of student success or in departments of English or psychology The book includes a quiz Ancillary package available upon adoption

The Reading Light W. Royce Adams,1995-10

Invitation to Philosophy Stanley M. Honer,Thomas C. Hunt,Dennis L. Okholm,1996 Each chapter opens with an examination of a major philosophical topic An opening essay as well as thought provoking questions provide the proper amount of focus on chapter topics Each chapter in Invitation to Philosophy also contains a continuum designed to help readers appreciate the many options available to them when answering a question in philosophy Case studies found at the end of chapters address contemporary problems
