Digital Vortex Imd:

Digital Vortex Jeff Loucks, James Macaulay, Andy Noronha, Michael Wade, 2016-04-13 WINNER OF THE 2017 AXIOM BEST BUSINESS BOOK AWARD Digital disruption sounds like another business buzzword until it happens to your company. Seemingly out of nowhere startups and other tech savvy disruptors attack. Your customers bolt for the door and revenues stall. Senior executives ignore the problem or turn to yesterday's management playbook. In months instead of years you've gone from market leader to also-ran. This scenario is beginning to play out in every industry. Everything that can be digitized from products and services to the entire value chain is being digitized to the advantage of companies that can harness disruption. Unfortunately few companies are building the organizational capabilities and strategic responses to compete in this stark new reality. In *Digital Vortex* you will learn how to use the business models and strategies of startups to your own advantage. Instead of waiting to be disrupted you can maximize the value of your existing businesses and move into profitable new ones. Most importantly you will learn how to build the agility to anticipate threats, sense opportunities and seize them before your rivals do. In today's world there are two paths: navigating to a new digital future or being engulfed by exponential competitive change. With recommendations backed by research with thousands of senior executives from market leaders and startups alike, this book gives you a compass to chart your own course to compete with disruptors and win. *International Management Behavior* Henry W.
