**Handbook Certified Data Protection Officer** Romeo Kadir,2021-01-05 This handbook provides practical guidance for the junior medior and senior Data Protection Officer DPO to assemble a work plan as per applicable EU GDPR guidelines At present EU s GDPR is largely recognized as a gold standard all over the world also for the ever growing community of DPOs as per national legislations This publication is part of official mandatory training materials for Certified Data Protection Officer from the European Association of Data Protection Professionals EADPP as per the EADPP CDPO Certification Scheme and applicable CDPO Body of Knowledge Part D as provided by Privacad The practical approach followed in this richly illustrated handbook is of relevance for any future Data Protection Officer active in any part of the World performing tasks as per local regional or international norms and regulations This books explicitly explains the roles and responsibilities of the DPO as envisaged in the GDPR As stated by the European Data Protection Board EDPB it is best practice for the DPO to have a work plan What does such a work plan look like Providing an answer to that question lies at the core of this publication Two key pillars are followed to assemble a professional and practical DPO work plan First the text as enshrined in the General Data Protection Regulation GDPR itself codifies an important line of orientation in the embodiment of Articles 37 to 39 of the

GDPR in which the designation positions and tasks of the DPO are discussed Second the typical role the DPO is playing in the daily data protection practice which can be inferred from among others an action plan or work plan from an enterprise institution or organisation In pursuit of compliance with the obligations pursuant to the GDPR at least the following steps usually be distinguished Establish GDPR privacy and data protection policies Make an inventory of personal data Perform a GDPR privacy and data protection baseline Perform a GDPR privacy and data protection gap analysis Perform a GDPR privacy and data protection implementation Perform GDPR privacy and data protection review and update Perform GDPR privacy and data protection assurance and audit Compose and communicate the GDPR accountability and reports According to the European Data Protection Board formerly operating as WP29 the DPO or the organisation should avail of a work plan which the organisation will use as a basis for providing among others necessary resources for the DPO With the entry into force of the GDPR as of 25 May 2018 the need to work on professional maturity of the Data Protection Officer DPO became more and more urgent This handbook is part of the Privacy and Data Protection series offered under auspices of Honorary Visiting Professor Romeo Kadir acting Editor in Chief and author of the first publications in this series At present professor Romeo Kadir with over 25 years of experience as privacy and data protection professional is Constituent President of the GDPR Certification Committee Academic Board of the European Association of Data Protection Professionals EADPP and President of the European Institute for Privacy Audit Compliance and Certification EIPACC and lecturer with the International Privacy Academy Privacad He holds several positions as Board Member Corporate Consultant and Government Advisor related to privacy and data protection affairs

**Privacy & Data Protection Foundation Courseware** Van Haren Publishing,2018-10-15 Besides the Privacy Data Protection Foundation Courseware English ISBN 9789401803595 publication you are advised to obtain the publication EU GDPR A pocket guide ISBN 978 1 849 2855 5 Privacy Data Protection Foundation covers the main subjects related to the protection of personal data Candidates benefit from a certification that is designed to impart all the required knowledge to help ensure compliancy to the General Data Protection Regulation Within the European Union regulations and standards regarding the protection of data are stringent The General Data Protection Regulation GDPR went into force in May 2016 and organizations have until May 2018 to change their policies and processes to ensure they fully comply Companies outside Europe will also need to comply when doing business in Europe One of the solutions to comply in time is to qualify staff Having certified professionals with the right level of knowledge can help prepare your organization to face these opportunities The EXIN Privacy Data Protection program covers the required knowledge of legislation and regulations relating to data protection and how this knowledge should be used to be compliant

**Data Protection Implementation Guide** Brendan Quinn,2021-09-02 The complexities of implementing the General Data Protection Regulation GDPR continue to grow as it progresses through new and ever changing technologies business models codes of conduct and decisions of the supervisory authorities and the courts This eminently practical guide

to implementing the GDPR written in an original problem solving style by a highly experienced data protection expert with equal knowledge of both law and technology provides a step by step project management approach to building a GDPR compliant data protection system assessing and documenting the risks and then implementing these changes through processes at the operational level With detailed attention to case law Member State ECJ and ECHR especially where affecting high risk areas that have attracted scrutiny the guidance proceeds systematically through such topics and issues as the following required documentation policies and procedures risk assessment tools and analysis frameworks children s data employee and health data international transfers post Schrems II data subject rights including the right of access data retention and erasure tracking and surveillance and effects of technologies such as artificial intelligence biometrics and machine learning With its practical examples derived from the author s experience in building GDPR compliant software as well as its analysis of case law and enforcement priorities this incomparable guide enables company data protection officers and compliance staff to advise on key issues with full awareness of the legal and reputational risks and how to mitigate them It is also sure to be of immeasurable value to concerned regulators and policymakers at all government levels it s going to be the go to resource for practitioners Tom Gilligan Data Protection Consultant September 2021 I purchased this book recently and I m very glad I did It s the textbook I have been waiting for As someone relatively new to data protection I was finding it very difficult to find books on the practical side of data protection This book is very clearly laid out with practical examples and case law given for each topic which is immensely helpful I would recommend it to any data protection practitioners
