

A collection of geological tools and specimens is arranged on a wooden surface. On the left, there is a silver compass with a white face and a black needle. Next to it is a black rock hammer with a wooden handle. In the center, a magnifying glass with a black frame is positioned over a rock sample. Several other rock samples of various colors and textures are scattered around, including a prominent greenish-blue rock in the foreground. The background is a dark, textured wooden surface. A blue vertical bar is visible on the right side of the image.

practice test questions and test taking strategies contained in this study guide How to Get an A in Every Examination
George Boateng Kyei, 2019-09-27 What is your dream You can achieve it if you have a strong desire a plan and never give up
One of your plans should be to get excellent grades in every exam you take This book is for you if you are a student or
professional that needs to take exams and you are looking for the best study techniques tricks and habits to help you perform
at your optimum I wrote this book because I have seen so many brilliant and smart students do poorly in exams This is often
not their fault In school you are taught geometry calculus biology English etc etc But nobody teaches you how to do well in
examinations Isn't this an awful omission After all you need to do well in different types of exams before you can move on to
the next level in your academic career No one will give you a scholarship to college or grad school if you don't get excellent
grades If you are a straight A student You get offers of scholarships which means you could go to college or grad school for
free Employers scramble for you even before you finish your studies You can choose your dream job or school instead of
taking what is available You are considered hardworking and intelligent You get ahead a lot faster in life In this book you will
learn how to Set achievable academic goals and prioritize your activities Develop the right attitude towards your studies
Manage your time effectively and make use of study groups Learn and retain any material effectively Use past questions to
your advantage Approach any exam with ease This is a familiar story Two buddies are seniors in high school they have similar
IQ scores John uses proper study habits test taking and academic skills that enable him to pass his exams with A's James
does not use effective study skills or the best methods available and gets mostly B's They both get into college John gets a
scholarship but James does not At the end of 4 years James is in debt tens of thousands of dollars John is debt free What
made the difference is not their intelligence but their grades Can you imagine that Simple grades saving you years of debt
and stress Therefore it is critical to use the best test taking skills It may just prevent you from taking those expensive student
loans for college or grad school My hope is that this book will motivate you to focus manage your time and use the best study
techniques out there to help you excel in every exam or test you take As a basic scientist I am a minimalist so I write the
minimum for maximum impact No fluff This book is short straightforward and the suggestions are tried and tested And they
work
