ALTERNATIVE TERMINOLOGY

The income statement is sometimes referred to as the statement of operations, earnings statement, or profit and loss statement.

Income Statement

The income statement reports the revenues and expenses for a specific period of time. (In Softbyte's case, this is "For the Month Ended September 30, 2010.") Softbyte's income statement is prepared from the data appearing in the owner's equity columns of Illustration 1-8.

The income statement lists revenues first, followed by expenses. Finally the statement shows net income (or net loss). **Net income** results when revenues exceed expenses. A **net loss** occurs when expenses exceed revenues.

Although practice varies, we have chosen in our illustrations and homework solutions to list expenses in order of magnitude. (We will consider alternative formats for the income statement in later chapters.)

Note that the income statement does **not** include investment and withdrawal transactions between the owner and the business in measuring net income. For example, as explained earlier, Ray Neal's withdrawal of cash from Softbyte was not regarded as a business expense.

Owner's Equity Statement

The owner's equity statement reports the changes in owner's equity for a specific period of time. The time period is the same as that covered by the income statement. Data for the preparation of the owner's equity statement come from the owner's equity columns of the tabular summary (Illustration 1-8) and from the income statement. The first line of the statement shows the beginning owner's equity amount (which was zero at the start of the business). Then come the owner's investments, net income (or loss), and the owner's drawings. This statement indicates why owner's equity has increased or decreased during the period.

What if Softbyte had reported a net loss in its first month? Let's assume that during the month of September 2010, Softbyte lost \$10,000. Illustration 1-10 shows the presentation of a net loss in the owner's equity statement.

Illustration 1-10
Presentation of net loss

Net loss	10,000	11,300
		<u>11,300</u>
R. Neal, Capital, September 30		<u>\$ 3,700</u>

If the owner makes any additional investments, the company reports them in the owner's equity statement as investments.

Balance Sheet

Softbyte's balance sheet reports the assets, liabilities, and owner's equity at a specific date (in Softbyte's case, September 30, 2010). The company prepares the
