**Annual Companies Handbook** , 1991-12-02     *The Routledge Handbook of Islamic Economics and Finance* Hussain  
Mohi-ud-Din Qadri, M. Ishaq Bhatti, Mohd Azmi Omar, 2025-08-06 Islamic finance is one of the fastest growing sectors of the  
finance industry due to a number of factors including the technology boom fintech blockchain and higher oil and commodity  
prices but also in particular its demand by 1.5 billion Muslims around the globe. It enjoys sustainably higher positive returns  
compared to its conventional finance counterparts specifically during financial crises. Moreover, it plays a major role in  
implementing the UN's Sustainable Development Goals due to its non-traditional source of long-term fund financing that  
advances social, environmental, and economic goals. The Routledge Handbook of Islamic Economics and Finance offers a  
detailed introduction to the current scholarship in this ever-expanding and emerging field. The book is divided into three  
parts covering Islamic business, Islamic economics, and Islamic finance respectively. Each chapter provides a balanced  
overview of current knowledge, identifying issues and discussing the relevant debates. The book seeks to explore the current  
developments and trends in Islamic economics, Islamic banking, and Islamic capital markets. It also covers the areas of Islamic  
social finance, impact investment, and Islamic microfinance. SMEs, poverty alleviation, and financial inclusion. Additionally, it  
launches the debate on the emergence, progress, challenges, and future potential of Islamic fintech and the Islamic digital  
economy. Furthermore, it sheds light on subjects such as the marketing of Islamic financial services and products, the circular  
economy, and the blue economy from an Islamic financial perspective. As well as surveying the current state of the art, the  
authors also reflect on where the research agenda is likely to advance in the future, making this the definitive resource for  
scholars and researchers in this area.     *Impacting Society Positively Through Technology in Accounting and Business*
