## **Bbc English Class 9 Literary Companion:**

**Class, Leisure and National Identity in British Children's Literature, 1918-1950** Hazel Sheeky Bird,2014-10-07 This book places children's literature at the forefront of early twentieth century debates about national identity and class relations that were expressed through the pursuit of leisure Focusing on stories about hiking camping and sailing this book offers a fresh insight into a popular period of modern British cultural and political history The Constitution of English Literature Michael Gardiner,2013-07-18 In this extended essay Michael Gardiner examines the ideology of the discipline of English Literature in the light of the serious redefining work on England and Englishness that has been conducted in Political Studies in the last decade He argues that English Literature emerges from the development of the state and that consequently it has suppressed the idea of the nation His claim is that English Literature has lost its form since its methodology and canonicity depended so heavily on a constitutional form which can no longer be defended He calls upon those working in English Literature to recognise that they are not really participating in the same discipline defined by the Burkean constitutional settlement even if they think of themselves as writing within the canon His view is that a lack of appreciation of hard edged political factors have led to a continuant and regressive form of English Literature which tends to hang on to stifling methodologies In its place he appeals for the creation of a more open ended inclusive internationalist and comparative literature of England **Great Britain** Richard S. Tompson,2014-05-14 An A Z reference guide to significant people ideas places and events in British history **The Image of the Outsider in Literature, Media, and Society** Will Wright,Steven Kaplan,2002 *Chaucer's Afterlife* Kathleen Forni,2013-03-13 This study explores Chaucer's present day cultural reputation by way of popular culture In just the past two decades his texts have been adapted to a wide variety of popular genres including television stage comic book hip hop science fiction horror romance and crime fiction This cultural recycling involves a variety of functions but Chaucer's primary association is with the idea of pilgrimage and the prevailing tenor is populist satire The target is not only cultural elitism but also the dominant discourse of professional Chaucerians Academics in turn may have doubts about the value of popular Chaucer popular culture theory however would maintain that such skepticism has less to do with critical discrimination than the assertion of social distinction Nonetheless the fact that Chaucer has a popular afterlife and remains an ideological product over which competing groups lay claim attests to his current cultural vitality Listener and BBC Television Review ,1986 Industrial memory in North East England Victoria Claire Allen,2025-09-30 *Industrial memory in North East England* examines how the region's industrial myth and memory have been articulated in the renegotiation of northernness The book offers a critical contextualisation of the concept of northernness and the English North and introduces the concept of the PopCultural Portfolio a mixed methods approach to conjunctural analysis in cultural and memory studies The book provides six richly illustrated case studies to demonstrate the practical application of cultural studies expansive and inclusive understanding of texts bringing together materials from

North East football folk indie and exhibition culture to establish how the North East's industrial past continues to be remembered and functionalised as industrial memory. In turn, the conjunctural analysis demonstrates how industrial memory is articulated and mythologised as north east-ness in contemporary popular culture.

**The Dangerous Philosophies of Michael Jackson** Elizabeth Amisu, 2016-09-26. An essential companion to Michael Jackson's music, films, and books, this work offers 21 original academic essays on all things Jackson, from film, music, and dance to fashion, culture, and literature. Going well beyond the average celebrity biography, this comprehensive book looks at why Jackson is regarded as one of the most important musicians of our time, offering insights into every facet of his art, life, and artistic afterlife. It looks at the methods by which his work was created, presented, received, and appropriated; discusses Jackson's varied personas along with his public and private appearances, albums, conceptual art, short films, and dance; and considers his use of costume, makeup, and reinvention. To help readers understand the phenomenon that was and is Michael Jackson, the book focuses on Jackson's historical context through an analysis of his films, songs, and books, examining him as an artist and shedding light on the political and ideological debates that surrounded him. Not shying away from the controversial aspects of Jackson's life and legacy, it also tackles questions of sexuality and racism, gender, and class, comparing Jackson to artists ranging from J.S. Bach to Andy Warhol. Through its examination of Jackson's entire catalog, the work connects all the aspects of his art and life to exemplify and explain the performer's unparalleled influence in the 20th and 21st centuries.

**The New Oxford Shakespeare: Modern Critical Edition** William Shakespeare, 2016-10-27. The Complete Works, Modern Critical Edition, is part of the landmark New Oxford Shakespeare, an entirely new consideration of all of Shakespeare's works, edited afresh from all the surviving original versions of his work and drawing on the latest literary, textual, and theatrical scholarship. In one attractive volume, the Modern Critical Edition gives today's students and playgoers the very best resources they need to understand and enjoy all Shakespeare's works. The authoritative text is accompanied by extensive explanatory and performance notes and innovative introductory materials which lead the reader into exploring questions about interpretation, textual variants, literary criticism, and performance for themselves. The Modern Critical Edition presents the plays and poetry in the order in which Shakespeare wrote them, so that readers can follow the development of his imagination, his engagement with a rapidly evolving culture and theatre, and his relationship to his literary contemporaries. The New Oxford Shakespeare consists of four interconnected publications: the Modern Critical Edition with modern spelling; the Critical Reference Edition with original spelling; a companion volume on Authorship; and an online version integrating all of this material on OUP's high-powered scholarly editions platform. Together, they provide the perfect resource for the future of Shakespeare studies.
