Obstetric Violence as Gender Based Violence Lucia Re,Irene Strazzeri,Sara Fariello,2026-02-13 Obstetric violence refers to abusive behaviors by healthcare staff towards women during childbirth including the pre birth and post birth phases Although it falls under gender based violence it is still widely overlooked and underexplored in bioethical legal and sociological literature However an international debate is growing involving physicians patients lawyers and institutions This volume addresses various aspects of obstetric violence examining international and national debates particularly in Europe and Latin America where significant legislative reforms emerged Birthing cultures and organizational models of childbirth care are key factors The research hypothesis links obstetric violence to models of motherhood It also includes the viewpoints of potential perpetrators This involves examining midwives working conditions deontology and culture as factors in obstetric violence on the basis of empirical research Adopting an interdisciplinary approach the volume brings together bioethics sociology law philosophy and anthropology It appeals to specialists and the general public contributing to the growing international debate and serving as educational material for medical staff and lawyers

**Mapping of Sexual & Gender Based Violence Services in Kenya** Kenya. National Commission on Gender and Development,2010 The National Guidelines for the Multidisciplinary Management of Survivors of Gender Based Violence in Zambia ,2011 *Encyclopedia of Medical Devices and Instrumentation, Alloys, Shape Memory - Brachytherapy, Intravascular* John G. Webster,2006-04-07 The articles in The Encyclopedia of Medical Devices and Instrumentation focus on what is currently useful or is likely to be useful in future medicine They answer the question What are the branches of medicine and how does technology assist each of them Articles focus on the practice of medicine that is assisted by devices rather than including for example the use of drugs to treat disease The title is the only resource on the market dealing with the subject in encyclopedic detail Accessible to practitioners with a broad range of backgrounds from students to researchers and physicians Articles cover the latest developments such as nanotechnology fiber optics and signal processing

State, Civil Society and the Politics of Health Skylab Sahu,2024-08-01 This book provides a comprehensive analysis of the discourse on health in India examining governance policies programmes and the involvement of the state and civil society in ensuring health for all and especially for people living with HIV AIDS The book critically examines government measures to improve healthcare services in India specifically for disadvantaged groups like the poor and women who face several obstacles in accessing healthcare It explores various aspects of healthcare accessibility gender equity measures and strategies implemented by the state and highlights the significant contributions of civil society organizations and activists in shaping healthcare provisions as well as their influence on the discourse surrounding health and HIV AIDS With a special study based on the author s research on HIV positive women in Karnataka a high prevalence state and West Bengal a low prevalence state and an examination of government policies financial allocations and relevant reports this book fills a crucial gap in academic literature by offering a

comprehensive analysis of health and governance in relation to HIV positive women in India The book will be a valuable resource for students and researchers in public health policy studies community health gender studies sociology of health and illness and Indian government and politics It will also be useful for policymakers in the development of more effective and inclusive healthcare policies

**Assessing Gender Based Violence under Rwandan Law. Case of Assault and Battery** Muhire Faustin,2022-12-23 Essay from the year 2022 in the subject Law Public Law Constitutional Law Basic Rights language English abstract This paper discusses physical violence or assault and battery as otherwise referred to as one of the forms of gender based violence GBV in Rwandan law The main objective is to determine and analyze the causes and effects of this form of GBV The paper looks into the existing legal framework and various policies put in place to address the issue and determine how investigations and prosecution of the offence are effectively conducted The existing relevant case law reveals there is an issue of qualification of the offence and its punishment due to the causes of this criminal behavior including drunkenness drugs bad character accidental event etc It also appears controversial to distinguish spousal harassment that has a battery and assault dimension of the assault and battery offence provided in the law determining offences and their Penalties in General The paper concludes with suggestions on how these challenges of qualification and punishment of the offence can be overcome
