when using this textbook and are available at no extra cost **Public Relations Quarterly**, 2002 Public Relations in Action Robert T. Reilly, 1987 **Public Relations and Community** Dean Kruckeberg, Kenneth Starck, 1988-05-23 This slim volume hits hard at one major point public relations practitioners need to abandon their dominant attitude of narrowly serving the needs of their clients and instead attempt to engender a broad based sense of community By approaching public relations from this broader perspective both the needs of the client and the community are served Implicit in this theory is that a closer knit community will retain more traditional family based values and therefore comprise a more stable and appreciative economic unit for one's client Canadian Journal of Communication Public relations is commonly viewed as using persuasive communications to achieve a client's vested goal Kruckeberg and Starck challenge this oversimplified approach asserting that public relations is a complex multi flow process that should and can affect society as a whole In Part I they examine critically the historical definition and practice of public relations outlining the shortcomings of this narrow approach Part II explores how the community itself has changed Such issues as the shift from rural to urban life and the attempt to regain a sense of community are discussed Part III attempts to reconcile the authors new notion of public relations and community through an in depth case study The results lead the authors to conclude that only if public relations is practiced as an active attempt to build a sense of community can it become a full partner in the communications milieu Subject Guide to Books in Print, 1996 **Public Relations Review** Foundation for Public Relations Research and Education (U.S.), 2002
