Getting Started Deborah Morley, 1999-02 Over the last few years

Internet and World Wide Web use has skyrocketed and consequently many are interested in developing a Web site for personal or business use. Though creating a Web site has in the past been very complicated and primarily left to computer professionals, the introduction of Web publishing programs such as Microsoft FrontPage has made Web site creation a possibility for almost anyone.

Beginning SharePoint Administration Göran Husman, 2007-02-03 This practical guide covers the many uses of SharePoint 2003 as well as the differences between SharePoint Portal Server SPS and Windows SharePoint Services WSS. In addition, the book will help you decide if you need only WSS or if you should also implement SPS. While the main focus is on planning, installation, configuration, and administration, you will also learn how to customize SharePoint by creating templates, building your own Site Definition, and using FrontPage to enhance the look and feel of SharePoint sites. In addition, you will learn the business-critical methods of backing up and restoring your system. Microsoft MVP and author Goran Husman shares numerous tips for smart add-ons and utilities that will enhance the functionality of SharePoint by providing better navigation, the ability to integrate with other systems, and effective workflow solutions. His practical and easy-to-follow instructions will help you get your SharePoint environment up and running in no time. He even shows you how to make your eventual upgrade to SharePoint 2007 seamless. What you will learn from this book: How to install Windows SharePoint Services WSS and SharePoint Portal Server SPS. Tips on what to focus on when customizing SharePoint. How to productively use SharePoint with Microsoft Office and Microsoft Outlook. Various ways to handle backup and restore procedures. The many free utilities and commercial third-party products that are available. How to create and work with intranet pages. Who this book is for: This book is for beginning SharePoint administrators as well as administrators who have been working with SharePoint for some time but may want to know more about how it works. A basic understanding of the Microsoft Windows operating system, including the Active Directory, as well as web applications in general, is assumed.

Wrox Beginning guides are crafted to make learning programming languages and technologies easier than you think, providing a structured tutorial format that will guide you through all the techniques involved.

The Complete Idiot's Guide to Starting an Online Business Frank Fiore, 2000 The Complete Idiot's Guide to Starting an Online Business shows why and how to establish company Web sites and Intranets. It speaks specifically to the idea of distributed information as capital and how to use the Web and Web technologies to positively impact revenues. See how to set objectives, create strategies, and implement programs for Web-related communications that will impact your company's marketing, sales, and financial activities. Learn to manage a Web site and maximize the use of information gleaned from an online presence. Also included is an overview of E-commerce, explanations of various Web software tools, the basics of Web design, and how to set up a company Intranet.

web starr set himself an ambitious goal in uncovering the central asian roots to the islamic enlightenment of 800 1200 ad yet
he exceeds these goals by giving the reader unique insights into the cultures of the central asian regions prior to the muslim
invasions as well as a look at tangential zoroastrian and buddhist cultures that continued to
