*Feh* Shalom Auslander,2025-07-22 From the acclaimed author of *Foreskin's Lament* a memoir of the author's attempt to escape the biblical story he'd been raised on and his struggle to construct a new story for himself and his family Shalom Auslander was raised like a veal in a dysfunctional family in the Orthodox community of Monsey New York the son of an alcoholic father a guilt wielding mother and a violent overbearing God Now as he reaches middle age Auslander begins to suspect that what plagues him is something worse something he can't so easily escape a story The story One indelibly implanted in him at an early age a story that told him he is fallen broken shameful disgusting a story we have all been told for thousands of years and continue to be told by the religious and secular alike a story called Feh Yiddish for Yuck Feh follows Auslander's midlife journey to rewrite that story a journey that involves Phillip Seymour Hoffman a Pulitzer winning poet Job Arthur Schopenhauer GHB Wolf Blitzer Yuval Noah Harari and a pastor named Steve in a now defunct church in Los Angeles Can he move from Feh to merely meh Can he even dream of moving beyond that Auslander's recounting of his attempt to exorcise the story he was raised with before he implants it onto his children and or possibly poisons the relationship of the one woman who loves him isn't sacred It is more than occasionally profane And like all his work it is also relentlessly funny subversively heartfelt and fearlessly provocative
