AP Biology
Tuscarora High School

"Man cannot discover new oceans unless he has the courage to lose sight of the shore." Andre Gide

Introduction:

The AP Biology course is the equivalent of a two-semester introductory biology course for biology majors in college and reflects the outline provided by the College Board. There is an emphasis on 'hands-on' laboratory work incorporated within the course.

The two main goals of AP Biology are to help students develop a conceptual framework for biology and an appreciation of science as a process. Our emphases will be on developing an understanding of concepts. Essential to this conceptual understanding is a grasp of science as a process; personal experience in scientific inquiry; recognition of unifying themes; and application of biological knowledge and critical thinking to environmental and social concerns. Discussion and applications of these listed topics occurs throughout the year incorporating current news events and/or major historical events.

Materials Required:

- AP Biology Laboratory Manual for Students; The College Board; 2001
- 2 or 3 inch " 3-ring Binder
- Highlighters
- Colored Pencils
- Black/blue pens
- USB drive
- Graphing Calculator (highly recommended)

Course Textbook Used:
