ship the human Alis wakes up from a nightmare of conflicted realities to discover that she Cato and the ship's version of Kern are the only ones left on board Everyone else went to explore the ark and the planet and now all contact has been lost Traumatized Alis and Belligerent Cato must follow in the footsteps of their crewmates to discover the full magnitude of what was done to this world by its terraformers and to rescue the one surviving member of their crew from the surface before she becomes a greater threat than anything the world itself can produce *Children of Time Hardcover Box Set* Adrian Tchaikovsky, 2026-01-06 This box set contains hardcover editions of the first three novels of Adrian Tchaikovsky's acclaimed Children of Time series winner of the Arthur C Clarke award and one of the bestselling space opera series of the last decade The last remnants of the human race left a dying Earth desperate to find a new home among the stars Following in the footsteps of their ancestors they discover the greatest treasure of the past age a world terraformed and prepared for human life But all is not right in this new Eden In the long years since the planet was abandoned the work of its architects has borne disastrous fruit The planet is not waiting for them pristine and unoccupied New masters have turned it from a refuge into mankind's worst nightmare Who will inherit this new Earth Children of Time Children of Time Children of Ruin Children of Memory *Children of Strife* Adrian Tchaikovsky, 2026-03-17 A new entry in the wildly successful Children of Time series from award-winning master of science fiction Adrian Tchaikovsky After Earth fell ark ships hunted for a new home They sought lost worlds terraformed in Earth's forgotten past A ship crewed by maverick humans spiders and a spectacularly punchy mantis shrimp captain is about to rediscover one such world and an ark Then human crewmate Alis wakes to discover that she her captain and the ship's intelligence are the only ones left on their ship But what happened to those who left to explore the ark and the world below Children of Strife is the extraordinary next volume set in the Children of Time universe featuring epic adventure first contact and the nature of intelligence among the stars *Children of Memory* Adrian Tchaikovsky, 2023-01-31 The modern classic of space opera that began with Children of Time continues in this extraordinary novel of humanity's battle for survival on a terraformed planet Earth failed In a desperate bid to escape the spaceship Enkidu and its captain Heorest Holt carried its precious human cargo to a potential new paradise Generations later this fragile colony has managed to survive eking out a hardy existence Yet life is tough and much technological knowledge has been lost Then strangers appear They possess unparalleled knowledge and thrilling technology and they've arrived from another world to help humanity's colonies But not all is as it seems and the price of the strangers' help may be the colony itself Children of Memory by Arthur C Clarke Award-winning author Adrian Tchaikovsky is a far-reaching space opera spanning generations species and galaxies **Spiderlight** Adrian Tchaikovsky, 2016-08-02 Spiderlight is an exhilarating fantasy quest from Adrian Tchaikovsky the author of Guns at Dawn and the Shadows of the Apt series The path to victory will only be seen through a spider's eyes The Church of Armes of the Light has battled the forces of Darkness for as long as anyone can remember The great prophecy has foretold that a band of misfits led by a high priestess will defeat the Dark Lord Darvezian armed with

compelling story David Towsey A master at the height of his powers This is epic symphonic fantasy weaving a breakneck plot through a sumptuously dangerous world Ian Green A wonderful twisty stew of a book with a cast of fascinating characters set against the brilliantly realized city of Ilmar Django Wexler A triumph of a book wildly imaginative immediately immersive and hypnotically compelling Sharon Emmerichs *The Au Pair* Emma Rous,2019-01-08 If V C Andrews and Kate Morton had a literary love child Emma Rous USA Today bestseller *The Au Pair* would be it One of the most anticipated books of 2019 from Pop Sugar Bustle Cosmo Parade and Goodreads Seraphine Mayes and her twin brother Danny were born in the middle of summer at their family s estate on the Norfolk coast Within hours of their birth their mother threw herself from the cliffs the au pair fled and the village thrilled with whispers of dark cloaks changelings and the aloof couple who drew a young nanny into their inner circle Now an adult Seraphine mourns the recent death of her father While going through his belongings she uncovers a family photograph that raises dangerous questions It was taken on the day the twins were born and in the photo their mother surrounded by her husband and her young son is smiling serenely and holding just one baby Who is the child and what really happened that day **Alter(ed) Bodies** Mateusz Borowski, Małgorzata Sugiera,2025-07-14 The fundamental assumption behind the volume is that the current civilizational crisis manifested in such phenomena as climate change environmental catastrophes pandemics and wars puts into question the biopolitical means of optimizing the life of populations and individuals To narrow down the thematic concerns of the volume the chapters are centered around the notion of body fundamental for the majority of theoretical takes on biopolitics The volume shows that in the current age of catastrophes bodies are not only shaped and individualized through procedures of institutionalized discipline but by an entanglement of environmental and planetary factors typically omitted in extant accounts of biopolitics The chapters go beyond biopolitics because they show bodies as sites of operation of non human or more than human agencies that work on scales inaccessible to human sensorium **Precious Little Things** Adrian Tchaikovsky,2019-11-27 A prequel to the magical novella *Made Things* Adrian Tchaikovsky s *Precious Little Things* is a Tor com Original short story offering a new perspective while set in the same action packed gaslamp world At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **Shroud** Adrian Tchaikovsky,2025-06-03 On a planet shrouded in darkness a stranded crew must fight for survival But the darkness may have plans of its own in this wildly original story from Adrian Tchaikovsky Hugo and Arthur C Clarke Award winning author of *Children of Time* They looked into the darkness and the darkness looked back New planets are fair game to asset strippers and interplanetary opportunists and a commercial mission to a distant star system discovers a moon that is pitch black but alive with radio activity Its high gravity high pressure zero oxygen environment is anathema to human life but ripe for exploitation They named it *Shroud* Under no circumstances should a human end up on *Shroud* s inhospitable surface Except a catastrophic accident sees Juna Ceelander and Mai Ste Etienne doing just that Forced to stage an emergency landing in a small barely adequate vehicle they are unable

to contact their ship and are running out of time What follows is a gruelling journey across land sea and air During this time Juna and Mai begin to understand Shroud s dominant species It also begins to understand them **Eyes of the Void** Adrian Tchaikovsky,2022-05-03 The Arthur C Clarke award winning author of Children of Time brings us the second novel in an extraordinary space opera trilogy about humanity on the brink of extinction and how one man s discovery will save or destroy us all After eighty years of fragile peace the Architects are back wreaking havoc as they consume entire planets In the past Originator artefacts vestiges of a long vanished civilization could save a world from annihilation This time the Architects have discovered a way to circumvent these protective relics Suddenly no planet is safe Facing impending extinction the Human Colonies are in turmoil While some believe a unified front is the only way to stop the Architects others insist humanity should fight alone And there are those who would seek to benefit from the fractured politics of war even as the Architects loom ever closer Idris who has spent decades running from the horrors of his past finds himself thrust back onto the battlefield As an Intermediary he could be one of the few to turn the tide of war With a handful of allies he searches for a weapon that could push back the Architects and save the galaxy But to do so he must return to the nightmarish unspace where his mind was broken and remade What Idris discovers there will change everything **The Doors of Eden** Adrian
