## Basic information

Client name: Sarah Thompson

Client DoB: 05/12/1988

Social worker: Michael Rodriguez, LCSW

Date: 09/15/2023

Venue: Home visit

Case ID (optional): TH-2023-089

Others present at visit: John Thompson (client's husband)

## Purpose of visit

Follow-up on implementation of parenting strategies and assessment of home environment following recent Child Protective Services involvement.

## Case notes

### Home environment:

House was clean and organized, adequate food supplies observed in kitchen, children's rooms were tidy with age-appropriate toys and books.

### Parenting strategies:

Sarah demonstrated use of "time-out" technique as discussed in previous session, reported consistent use of reward chart for positive behaviors, John actively participating in bedtime routine.

### Client progress:

Sarah reports attending 3/4 parenting classes since last visit, has been consistently taking prescribed anxiety medication, expressed feeling more confident in handling children's behavior.

### Concerns:

Sarah mentioned occasional arguments with John about discipline methods, youngest child (age 3) showing signs of speech delay.

## Next steps

Provide referral for speech evaluation for youngest child.

Schedule joint session with Sarah and John to address co-parenting concerns.

Continue weekly home visits for next month, then reassess frequency.

Follow up on Sarah's progress with parenting classes and anxiety management.

Designation: Licensed Clinical Social Worker

Signature: Michael Rodriguez, LCSW

## **Childwelfare Sample Case Notes:**

**Travels in the Trench Between Child Welfare Theory and Practice** George Thomas, 1994 *Travels in the Trench Between Child Welfare Theory and Practice* examines how the child welfare field's rush to establish credibility and permanence through program growth during the post World War II era gave rise to a massive but fragile conglomerate unprepared to prove its merits when challenged by an increasingly dubious public. Author George Thomas proposes a broad based shift from program growth to knowledge based growth in policy management education research and information technology initiatives to revitalize performance and restore public confidence in the system. Thomas's book proposes to shift the leadership emphasis away from the big business flavor of child welfare and re-define it into a mediator role of trusting worker and client competencies. *Travels in the Trench Between Child Welfare Theory and Practice* shows how the two sides merge and concentrate on five key issues: Policy Contrasts the impact of the two orientations on shaping the field's sense of mission, defining its role, establishing its priorities for growth relative to size, specialization and knowledge base and stimulating or reducing client adversarialism and public perceptions of chronic mission failure. Management Examines how the priorities of the two orientations differ relative to preserving hierarchical authority, rewarding work that exceeds mandates, promoting innovation and experimentation and relying on process as distinct from client outcome accountability. Education Examines how the priorities of the two orientations differ relative to relying on manpower and brain power on one right way of doing things versus doing what is legal and ethical. Research Examines how the priorities of the two orientations differ relative to confirming the rightness of the field's existing knowledge base and testing it to expand its scientifically validated portion through discovery. Information Technology Explores how the priorities of the two orientations differ relative to disclosing and preserving privileged communications, developing common and specialized language and breaking down or protecting authority and status differentials. This historical and cross sectional analysis forms a framework proposing that the field's future value in meeting the nation's child welfare needs must have a willingness to shift its commitments from problem to competency oriented theory and practice to accept a de-emphasis on growth and a reduction in specialization and to redirect investments in education research and information technology. According to Thomas this enables readers to revitalize practice wisdom, grow the scientifically validated portion of the field's knowledge base and begin to restore public confidence in the system. The book's contents are presented in interview style to enliven the material and make it more accessible to a wide audience. The reader determines the sense and direction of the analysis and the appropriateness of the questions from which it flows. *Travels in the Trenches* is intended to promote critical analysis of the link between long range vision and its impact on daily practice.

**The Columbia Guide to Social Work Writing** Warren Green,Barbara Levy Simon,2012-07-17 Social work practitioners write for a variety of publications and they are expected to show fluency in a number of related fields Whether the target is a course instructor scholarly journal fellowship organization or general news outlet social workers must be clear persuasive and comprehensive in their writing especially on provocative subjects This first of its kind guide features top scholars and

educators providing a much needed introduction to social work writing and scholarship. Foregrounding the process of social work writing, the coeditors particularly emphasize how to think about and approach one's subject in a productive manner. The guide begins with an overview of social work writing from the 1880s to the present and then follows with ideal strategies for academic paper writing, social work journal writing, and social work research writing. A section on applied professional writing addresses student composition in field education, writing for and about clinical practice, the effective communication of policy information to diverse audiences, program and proposal development, advocacy, and administrative writing. The concluding section focuses on specific fields of practice, including writing on child and family welfare, contemporary social issues, aging, and intervention in global contexts. Grounding their essays in systematic observations, induction, and deduction, and a wealth of real-world examples, the contributors describe the conceptualization, development, and presentation of social work writing in ways that better secure its power and relevance.

**Case Examples in Child Welfare and Family Services for Social Workers** Tyrone Cheng, 2022-11-15 This book provides social work students at both undergraduate and graduate level with compelling child welfare case examples, intervention plans, and tips for building working alliances with clients. The 50 such case examples, categorized by maltreatment type and by underlying problems, each present an intertwined network of issues characterizing the members of a family and their interactions as in actual field situations. Thus, social work students learning therapy or case management will find a wide variety of scenarios from child welfare services and children family outpatient care and will learn about the range of challenges clients can face. Using the instruction practice sheets that illustrate sound approaches for joining with clients to tailor their own interventions, students are provided with the tools to work out the application of assessment and intervention strategies with regard to the particular circumstances of each example. Throughout, the emphasis is on growing the working alliance between social worker and client, reflecting the strength perspective emphasized in social work practice.

**ABC of Child Protection** Sir Roy Meadow, Sir Jacqueline Mok, Sir Donna Rosenberg, 2009-04-08 The fourth edition of this important and highly praised guide has been substantially revised and updated, providing concise practical information on a difficult and distressing area of paediatric medicine. This new edition of the ABC of Child Protection now includes additional chapters on abdominal injury, neglect, and failure to thrive. It presents the latest information on the diagnosis and investigation of abuse and explains the current roles of social services and the law in safeguarding children. Written by leading paediatricians, psychiatrists, social workers, and lawyers, this comprehensive book is an invaluable reference for professionals concerned with children's welfare, including general practitioners, emergency staff, paediatricians, police, surgeons, psychiatrists, health visitors, social workers, and lawyers.
