## De Re Basic Laughton:

**Cicero's Style** M. von Albrecht, 2017-09-11 This comprehensive study of Cicero's style discusses differences of literary genres Ch 1 nuances of style within individual works Ch 2 and chronological development Ch 3 followed by an account of fixed elements typical of Cicero's diction Ch 4 Finally selected interpretative studies demonstrate the relationship of style and context in the orations with special regard to literary form and political or moral content Ch 5 The book concludes with an Epilogue on the De oratore and the culture of speech Contrary to inveterate prejudices Cicero does not confine himself to a single so called Ciceronian style but consciously and ably employs the full register of styles The author points out in what respects a study of his style might be rewarding even today **Allegories of Farming from Greece and Rome** Leah

Kronenberg, 2009-05-14 In this book Professor Kronenberg shows that Xenophon's Oeconomicus Varro's De Re Rustica and Virgil's Georgics are not simply works on farming but belong to a tradition of philosophical satire which uses allegory and irony to question the meaning of morality These works metaphorically connect farming and its related arts to political life but instead of presenting farming in its traditional guise as a positive symbol they use it to model the deficiencies of the active life which in turn is juxtaposed to a preferred contemplative way of life Although these three texts are not usually treated together this book convincingly connects them with an original and provocative interpretation of their allegorical use of farming It also fills an important gap in our understanding of the literary influences on the Georgics by showing that it is shaped not just by its poetic predecessors but by philosophical dialogue **The Royal Engineers Journal**, 1907

**Declinatio** Daniel J. Taylor, 1974-01-01 Marcus Terentius Varro 116-27 B C was one of the most prolific writers in antiquity However of his De Lingua Latina only six of 25 books have survived and these are neither complete nor free of textual corruption This study is an attempt to provide an adequate consistent and comprehensive account of the linguistic theory with which Varro operated insofar as it can be recovered from the remains of De Lingua Latina The Sydney

Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
