Minh Hoang Pham, 2019-09-07. Metro Exodus is a first person story driven shooter based on the Metro novels by Dmitry Glukhovsky. In fact, the story for Metro Exodus was co-developed in collaboration with Glukhovsky. In keeping with its novel origins, the game is divided into a series of chapters with diary entries by the lead character Artyom that recap what just happened and set the tone for what's to come. Do I need to play the previous Metro games? This always comes down to personal preference, but the game does a good job at introducing newcomers to the game as the entire adventure is set in post-apocalyptic Russia and focused on Artyom seeking out a life beyond the Metro, something many of his peers don't even believe exists. Mechanically, you are constantly given on-screen prompts for how to execute the next task. **The Returnal Guide and Walkthrough** Mary Johnson,2021-05-06 In the Returnal there are few things that last forever so players are more likely to stick to those things Unlocking some upgrades like Atropian Blade or Icarian Grapnel gives players a lasting boost to their character so they are very important The same is true with money While all of the player s Obolites will disappear whenever they die and start a new cycle Ether remains whatever may be As a result players can plow Ether and end up with a huge pile although it will take some time However because of its widespread use it may be worth the effort Ether is one of the many currencies in Returnal and with it players can do a lot of things Ether can be used to clean up violence on an object allow it to be taken away without detecting Suit malfunction and can be used to charge Replicators to give players extra life Finally Ether can be sold by Obolites and can be used to launch new products While it s not the fastest way simply checking every biome while playing a game is a great way to find Ether Players will see Ether in its purple light but remember that both parasites and evil elements share this same color Every day Returnal players are given a challenge where they have to clear a particular biome under certain conditions While players can compete with other scouts as part of this simply surviving to the end and clearing the biome is enough to get players a huge amount of Ether Usually daily challenges reward five Ethers
