Bresciani Ludvik,2023-07-03 Is higher education preparing our students for a world that is increasingly complex and volatile and in which they will have to contend with uncertainty and ambiguity Are we addressing the concerns of employers who complain that graduates do not possess the creative critical thinking and communication skills needed in the workplace This book harnesses what we have learned from innovations in teaching from neuroscience experiential learning and studies on mindfulness and personal development to transform how we deliver and create new knowledge and indeed transform our students developing their capacities for adaptive boundary spanning Starting from the premise that our current linear course based educational practices are frequently at odds with how our neurological system facilitates learning and personal development the authors set out an alternative model that emphasizes a holistic approach to education that integrates mindful inquiry practice with self authorship and the regulation of emotion as the cornerstones of learning while

demonstrating how these align with the latest discoveries in neuroscience The book closes by offering practical ideas for implementation showing how simple refinements in classroom and out of classroom experiences can create foundations for students to develop key skills that will enhance adaptive problem solving creativity overall wellbeing innovation resilience compassion and ultimately world peace Co published with ACPA College Student Educators International **Little Learners, Big Hearts** Chrisitne Mason,Randy Ross,Orinthia Harris,Jillayne Flanders,2024-04-01 Discover the transformative power of early conversations on racial equity and cultural awareness with Little Learners Big Hearts This heartwarming teacher s guide fosters empathy and equity in young minds Grounded in heart centered learning it seamlessly weaves principles of hope self education acknowledgment resolution and responsive teaching to create an empowering antiracist foundation Start shaping compassionate futures today Preschool and K 3 teachers and childcare providers will Promote empathy for and understanding of backgrounds cultures and identities that are different from what students may be used to Use mindfulness and reflection to move past discomfort and engage in challenging conversations Engage in an ongoing process of acknowledging and confronting biases Shape young children s learning in a way that allows them to draw their own conclusions Be kind caring and meaningful forces in the lives of all students and their families Contents Introduction Chapter 1 Racism and Antiracism The HEART of the Matter Chapter 2 Early Childhood as a Foundational Time Chapter 3 Bias in Early Childhood Chapter 4 Families and Antiracism Chapter 5 Antiracist School Culture Chapter 6 Bias Related Teasing Peer Aggression and Bullying in Early Childhood Chapter 7 A Rhythm to a Rhyme Challenging Stories Literature and Curricula Chapter 8 Promoting Heart Curiosity and Self Determination Epilogue A More Just and Inclusive World Appendix Our Stories References and Resources Index **Integrating SEL into Your Curriculum** John Dacey,Gian Criscitiello,Maureen Devlin,2017-11-27 In this helpful new book John Dacey Gian Criscitiello and Maureen Devlin show you how to seamlessly infuse social and emotional learning into your curriculum With the growing emphasis on student assessment and learning outcomes many teachers find they lack the time and the encouragement to begin implementing SEL techniques into their instruction This book offers a solution in the form of practical lesson plans for grades 3 5 in ELA math social studies and science all of which can be implemented without tedious preparation and all of which are designed to boost creativity cooperation concentration and critical thinking Your students will learn how to Evaluate the costs and benefits of their decision making Connect daily choices to an overarching sense of purpose Judge independently and pursue self awareness Assess harness and transform emotions as a strategic resource Gain energy from personal values and commitments and Practice mindfulness and think positively Each chapter contains a number of reproducible tools that can be photocopied from the book or downloaded as eResources from the book product page at [www.routledge.com](http://www.routledge.com) 9781138632066

*Taming The Sabertooth* Tracey Grove,2019-03-12 Build Resilience To Thrive In Work And Life Stress is increasingly becoming an issue for leaders in the workplace Highly competitive marketplaces longer working hours and higher

performance expectations are all contributing to a more stressful work environment And the news at home isn t much better Digitization and always on technology have blurred the boundaries between work and personal life removing the natural buffer between them and costing us our health At a time when there is significant anxiety both at home and in the workplace it is critical for us to understand how our bodies react to stress why stress is a necessary element of our lives and how we can better cope with it to become better leaders In *Taming the Sabertooth Resilient Leadership in a Stressful World* we are reminded that while we cannot necessarily change our environment we do have the power to shift our response to that environment by building resilience With insights that are intensely practical and unapologetically straightforward we learn that hiding behind a rock is not an option to thrive in work and life you have to tame the sabertooth *Change Leadership in Emerging Markets* Caren Brenda Scheepers, Sonja Swart, 2020-08-03 Based on neuroscience research this book presents and demonstrates a Ten Enablers model as a framework to help change leaders successfully lead and manage change It focuses on the execution of change processes within volatile and challenging emerging markets with high growth potential The book first presents the organizational development and change research on which the model is based and discusses the basic neuroscience principles It then introduces a systematic model of the ten enablers taking readers through the process of change from considering the ethos prior to embarking on it including engagement of stakeholders up to the final phase where change leaders exit the process or the organization It highlights this circular process through several step by step illustrations supported by examples from emerging markets Further it includes neuroscience research and principles to help leaders understand and manage change in themselves and others This well researched and practical book is a valuable resource for students and professionals alike *Problems of Post-communism* ,2005 [Government Reports Annual Index](#) ,1989
