

Researching and Debating a Controversy

ASSIGNMENT

Work collaboratively to research one side of a controversy that is affecting your school, community, or society. Then participate in a modified debate in which you argue your position and incorporate a visual display with appropriate headings and labels and/or multimedia for support.

Planning and Prewriting:

Take time to make a plan for generating ideas and research questions.

- What is your issue, who does this issue affect, and what side will you be arguing?
- How can you state your position clearly as a claim?
- What questions will guide your research?

Researching:

Gather information from a variety of credible sources.

- Where can you find sources, and how can you tell that the sources are reliable, credible, and useful?
- Which strategies will you use to help you understand informational texts?
- How will you take notes by paraphrasing reasons and evidence and recording bibliographic information?

Preparing and Creating:

Plan talking points and create a visual display.

- What kind of graphic organizer could help you select the best reasons and evidence from your research?
- How will you select talking points and create index cards for each point to support your claim? How can you ensure you are using your sources ethically? How can your notes help you use formal, conventional language?
- How will you create a visual that will enhance your talking points?
- How can the Scoring Guide help you evaluate how well you are prepared to meet the requirements of the assignment?

Speaking and Listening:

Actively participate in and observe the class debates.

- How will you ensure you use elements of good public speaking, such as speaking at an appropriate rate and volume with clear enunciation, and using eye contact and natural gestures?
- How will you be sure that you and the other speakers all have the opportunity to voice your opinions?
- How will you use your visual display to support your argument?
- How will you complete a viewing guide to ensure active listening as an audience member?

Reflection

After completing this Embedded Assessment, think about how you went about accomplishing this task and respond to the following:

- Did your position on the issue remain the same or change after the discussion? Explain your position and what caused it to remain the same or change.
- What part of preparing for the debate was your strongest (e.g., researching, organizing the argument, collaboration, creating the visual display)? Explain.
- What part of the debate was your strongest (e.g., explaining ideas, using formal language, speaking, listening)? Explain.
