Cambridge Secondary 1 combines a world-class curriculum with high-quality support for teachers and integrated assessment. Cambridge Secondary 1 develops skills and understanding in English (including English as a second language), Mathematics and Science for learners typically aged 11–14.

The curriculum frameworks for each subject for Cambridge Secondary 1 are organised into three stages corresponding to the first three years of secondary education. They reflect the teaching target for each year group and provide comprehensive learning objectives.

For Cambridge Secondary 1 Science, the curriculum is presented in four content areas or 'strands'. These are further divided into 'substrands'. The four strands and substrands are:

Strand: Scientific enquiry

- Ideas and evidence
- Plan investigative work
- Obtain and present evidence
- Consider evidence and approach

Strand: Biology

- Plants
- Humans as organisms
- Cells and organisms
- Living things in their environment
- Variation and classification

Strand: Chemistry

- States of matter
- Material properties
- Material changes
- The Earth

Strand: Physics

- Forces and motion
- Energy
- The Earth and beyond

The Scientific enquiry objectives underpin Biology, Chemistry and Physics, which are focused on developing confidence and interest in scientific knowledge. Environmental awareness and some history of science are also incorporated. The Cambridge Secondary 1 Science curriculum framework provides a solid foundation for further stages of education such as Cambridge IGCSE.

Cambridge Secondary 1 Progression Tests are available to schools registered for Cambridge Secondary for stages 7–9. These tests are marked by teachers and come with full mark schemes and marking guidance. At the end of Cambridge Secondary 1, schools can also offer Cambridge Checkpoint, a diagnostic test which offers comprehensive feedback at the end of the Cambridge Secondary 1 stage.

On the following pages, you will find some examples from the Biology strand and substrands for stages 7 and 9 of the Cambridge Secondary 1 Science curriculum.
