Star Observer Magazine September 2015 Elias Jahshan, 2015-08-18 New Frontiers in Popular Romance Susan Fanetti, 2022-06-07 In the twenty first century the romance genre has gained a growing academic response including the creation of the International Association for the Study of Popular Romance Popular romance has long been so ignored and maligned that seemingly every scholarly work on it opens with a lengthy defense of the genre and its value for academic study Even the early scholarly works on the genre approach it in ways that while primarily respectful make sweeping generalizations about popular romance its texts and its readers This essay collection examines the position of the romance genre in the twenty first century and the ways in which romance responds to and influences the culture and

community in which it exists Essays are divided into six sections which cover the genre's relationship with masculinity the importance of consent historical romance representation social status and web based romance fiction **Navigating Children's Literature through Controversy**, 2023-09-20 This collection focuses on the specific issue of controversy as a cross sectional aspect of contemporary children's and YA literature in a spectrum stretching from national experiences to explore the impact of specific historical economic and social environments on the rise of controversies to inter national exchanges in which controversies are generated specifically by the interactions between cultures to international contexts that deal with controversies relevant on a global scale By adopting controversy as an adjustable lens for a joined consideration of literary themes narrative or aesthetic solutions translation choices publishing and marketing decisions and discursive practices the volume establishes a diversified collection of chapters that offers new insight into functions of children's and YA literature in contemporary culture *Current Opinion* Edward Jewitt Wheeler, Frank Crane, 1905
