**McALISTER AND THE GREAT WAR - The Prequel to the McAlister Line Series** Richard Marman,2016-11-26 On his seventeenth birthday New South Wales farm boy Callan McAlister joins the Australian Imperial Force AIF and is swept away to war His first taste of blood comes from an unexpected enemy in the Sinai Desert before being shipped to Gallipoli Callan receives a shock while convalescing in peaceful idyllic Ireland during the Easter of 1916 But the Western Front awaits all before his nineteenth birthday Callan falls in love with a lovely English beauty Ivy Brown but their path to happiness is neither easy nor preordained A lowly Australian private soldier is viewed with doubt and disapproval by Ivy's aristocratic family not to mention Callan's chances of surviving the brutality of the Great War An offer to join the fledgling Royal Flying Corps RFC may be Callan's chance to escape the endless mud-filled trenches infested with rats lice trench fever and foot rot and tormented by German machine gunners and artillery bombardments But with minimal training an RFC pilot's life expectancy is tenuous at best Ivy also experiences her baptism of fire as an ambulance driver for the First Aid Nursing Yeomanry FANY Callan and Ivy's struggle reaches its startling climax in an air race to the far reaches of the British Empire where law and justice are the domain of the most powerful and those ruthless enough to go to any lengths to achieve their desires If you read only one book set against WWI during its centenary anniversary make it McAlister and the Great War This novel ranging across a truly global canvas explores many fascinating and thrilling historical incidents that occurred during the tragic conflict

**Not Another U.S. History Textbook** Adam Strube,2024-01-15 Why on earth would two history nerds use their own free time to

write another US history textbook Well that intelligent human is the right question This work breaks from the traditional memorization of who what when where and focuses on why and how The former is popular in schools due to its efficiency in quantification for testing You re either right or wrong about remembering facts But it s so boring that most students turn off their brains once they set foot in the class and that habit continues well into old age if not recognized and corrected Why and how are more subjective therefore harder to grade But with their asking people become re centered in our collective story where they belong Only then can proper context be understood and criticism and perspective be applied We believe this approach to be the missing link in our education and understanding of current issues norms and discussion points Hopefully after reading this work each reader s critical thinking will activate around all history permanently That will certainly aid humanity s evolution and communication Wait does that mean this book can be categorized as self help Argue away
