**Missing Kissinger** Etgar Keret, 2008 Featuring stories in which many of the characters are waiting for something to change their lives Missing Kissinger describes the search for ultimate happiness As is often the case the unexpected can and usually does occur Missing Kissinger 1995, □□□□ □□□□ **The Bus Driver Who Wanted to Be God & Other Stories** Etgar Keret, 2015-10-13 Classic warped and wonderful stories from a genius The New York Times and master storyteller Brief intense painfully funny and shockingly honest Etgar Keret s stories are snapshots that illuminate with intelligence and wit the hidden truths of life As with the best writers of fiction hilarity and anguish are the twin pillars of his work Keret covers a remarkable emotional and narrative terrain from a father s first lesson to his boy to a standoff between soldiers caught up in the Middle East conflict to a slice of life where nothing much happens New to Riverhead s list these wildly inventive uniquely humane stories are for fans of Etgar Keret s inimitable style and readers of transforming brilliant fiction **Report of Naval Casualties** United States. Navy Department, 1945 **Etgar Keret's Literature and the Ethos of Coping with Holocaust Remembrance** Yael Seliger, 2024-01-16 This book highlights the need for a shift from thinking in terms of memories of traumatic events to changeable modes of remembrance The call for a fundamental change in approaches to commemorative remembrance is exemplified in literature written by the internationally acclaimed writer Etgar Keret Considered the most influential Israeli voice of his generation Keret s storytelling is in congruence with postmodern thinking Through transferring remembrance of the Holocaust from stagnant Holocaust commemoration museums and commemorative ceremonies to unconventional settings such as youngsters playing soccer or being forced to venture outdoors in a COVID 19 pandemic environment Keret s storytelling ushers in a unique approach to coping with remembrance of historical catastrophes The book is a valuable resource for students and scholars interested in pursuing the subjects of Etgar Keret s artistry and literature written in a post modern post Holocaust milieu about personal and collective traumatic remembrance Disintegration Andrei Martyanov, 2021-05-01 The United States is undergoing a profound and radical transformation all features of which point to the fact of its departure at an accelerated rate from its largely self proclaimed status as a global hegemon The United States has lost ground in every single category that defines the power and status of a nation in relation to its rivals This book delves into the reasons for a catastrophic decline of the American nation addressing a range of factors from the economic especially energy to cultural technological and military factors America s deindustrialized economy is now deeply affected by what can only be described as a massacre of her small and middle size businesses and the implosion of the US commercial aerospace industry America s only driver of real growth the shale oil industry is facing realities which may make the Great Depression pale in comparison Disintegration also seeks answers to the precipitous moral and professional decline of the always mediocre qualities of the American elites from the corridors of political power to those of the military and business now spiraling out of control More alarmingly the trend also points to the possibility of the actual physical

disintegration of the United States as a unified entity whether the divisions are ethnic or ideological The most profound fault line is cultural between the Coastal self proclaimed elites backed by the secular liberal media and deep state who promote the most radical ideologies as it concerns gender and race and the working class majority whom the former polemicize as deplorables Christian fundamentalists white supremacists and climate and science denialists Investigating these factors sheds light on America s future which holds very little promise for the country which had once proclaimed itself to be a shining city on the hill The American collapse is not just coming we are presently experiencing it How can we deal with a catastrophe which is unfolding before our very eyes Disintegration lays out some possibilities *Los Angeles Times* ,1976
